## Senior Automation Test Engineer

pendemprathyusha2@gmail.com

Mobile: +91-9951185198/9346689500

---

### OBJECTIVE:

Highly skilled and experienced Senior Manual Tester with 3.5 years of proficiency in designing, planning, and executing comprehensive test strategies for software applications. Adept at identifying defects and ensuring product quality through meticulous testing methodologies. Seeking to leverage my expertise in manual testing to contribute to the success of company and drive continuous improvement in software quality.

---

### EDUCATION:

Bachelors in Computer Science Engineering from CMR engineering College |Percentage:6.2  
Diploma in Printing technology from Government Institute of Printing  
Technology|Percentage:76.82  
SSC in Srujana high school |Percentage:85

---

### CERTIFICATIONS:

**Certification 1 – The International Association Of Lions Club (September14-2003)**  
**Certification 2– Testing Certification from Livetech Institute (Aug-19 to Oct-19)**  
**Certification 3 – Digithon Certification of Appreciation (2019)**  
**Certification 4 – Accelq Automation Certification (2023)**  
**Certification 5 – Blockchain Summit Participation Certification (July-18)**  
**Certification 6 – .Net Certification from Focus Institute (Jul9 to Aug24)**

---

### PROFESSIONAL SUMMARY:

- I have overall experience of 3.5 Years in IT industry as Manual Testing on Web based applications and Automation using Selenium Webdriver,IDE,Grid,RC(4.9.0)
- Experience in the manual testing by using the tools like **Swagger,Jira, Postman Api, Accelq** for automation and experience in **UI testing, sanity testing, smoke testing, retesting, regression testing.**
- Understanding Software Requirement Specification and identifying the required Test Scenarios for Projects.
- Good knowledge in all stages of **Software Development Life Cycle.**
- Good knowledge in all stages of **Software Testing Life Cycle.**
- Good knowledge in all stages of **Defect life cycle/Bug life cycle.**
- Professional Software Experience in which includes Effective Test Case Designing and Test Case Preparing.
- Experience in executing Test Cases to test the application functionality against the requirements manually and automation.
- Defects reporting and tracking using **Track+ and JIRA and Postman.**
- Experience in testing the **Functionality, Compatibility, Database, Regression and Retesting and Smoke and Sanity testing.**
- Able to Develop Automation Scripts using TestNg Framework.
- Wrote XPath's to identify web elements in the application in such a way that they would work on different browsers.
- Worked on Automation of Web based application using Selenium WebDriver & Testng.
- Developed and Executed TestNG Test Cases using Eclipse IDE.
- Involved in participation of regular weekly project status meetings to discuss the

risks involved in ongoing projects with Teammates and Team Lead.

- Good interpersonal skills, committed, result oriented, hard working with zeal to learn new technologies

---

## PROFESSIONAL EXPERIENCE:

### Aravina Info media Private Limited:

---

#### Project #1: Frontier Communication
