## EXPERIENCE

### Data Engineer

**Lumiq.ai**

📅 Feb 2020 – Present  📍 Noida

- Created Enterprise Data Lake by migrating data from multiple On Premises server to AWS cloud platform by building complex ETL pipelines. Further, built Data Warehouse by upgrading the original business logic into big data capacity for reporting and analysis purposes.
- Implemented business logic in spark to write efficient spark jobs for indexing landing data from on-premises server and transforming this data for further use.
- Worked on creating Data Pipelines in NIFI to automate flow of data from different systems.
- Worked to various AWS cloud services and also got certified as an AWS Certified Developer-Associate.
- Segregated the PII and Non-PII data with fine grain access to different stakeholders and many more such use cases while working with big data.
- Tools/Techs used : Spark, Python, Scala, SQL, Nifi, AWS technology stack.

### Summer Internship

**Tranzita Systems**

📅 May 2019  📍 Lucknow

- Developed python scripts for an ongoing project.
- Got Introduced to AWS cloud platform.

### Internship

**GeeksforGeeks**

📅 August 2017  📍 Noida

- Produced quality problems on implementation and data structures, helped team to improve their existing problems.

## EDUCATION

### B.Tech (Computer Science and Engineering)

**Jaypee Institute of Information Technology**

📅 2016 – 2020

### Intermediate (12th) + Secondary (10th)

**Lucknow Public School**

📅 2016

## SKILLS

Spark  SQL  Python  AWS Services  Scala  ETL Pipelines  Java  Pyspark  Data Structures  Git

## ACHIEVEMENTS

### AWS Certified Developer-Associate

**Amazon Web Services**

📅 March 2020

### Codechef Snackdown 2019(Semi-finalist)

**Codechef**

📅 November 2019

### Problem Solving Certification (Advanced) Hackerrank(2019)

**Hackerrank**

📅 August 2019

## MINOR PROJECTS

- Real Time Application for Drowsiness Detection.
- Hotel Management using C++.
- Creating a User Login System with PHP and MySQL.

## HOBBIES

- Always eager to learn new technologies.
- I am a practitioner of Yoga, practicing yoga from last 2 years.
- I love to maintain my physique, love to workout at gym.

## LANGUAGES

- English
- Hindi
