GAURAB AGARWALA

Competitive programmer and FullStack Developer

✉ gaurav.agarwala19@gmail ⬡ github.com/gaurav404 in linkedin.com/in/gaurab-agarwala

EDUCATION

Bachelor of Technology (CGPA 8.15)
National Institute of Technology Silchar
📅 July 2016 – May 2020

Higher Secondary (83%)
Cotton University
📅 July 2013 – May 2015

Metriculation (84%)
Happy Child High School
📅 – May 2013

EXPERIENCE

Software Engineer
Go-MMT
📅 July 2020 – Present   📍 Bangalore,India

- Working on PostSales Team and helped on maintaining and adding new features to Agent facing platform for agents to solve customer issues. I worked on both Frontend (ReactJS) and backend (Java)

- Helped in enhancing and adding to already email escalation system from customer into form of tickets, thus maintaining the mail threads for both internal escalations and customer escalation. I added the feature of archiving past email escalated tickets on separate elastic server thus decreasing the load on main server.

React FrontEnd Development Intern
Wiselap (Wiselap Technology Pvt Ltd)
📅 May 2019 – June 2019   📍 Mumbai,India

- A front end interface for the working of a system to connect owners, managers and different parts of the transactions under one platform

- Leading the team on the frontend and its backend integration with the api for the smooth functioning of the system.

Senior Member
Coding Club NIT Silchar
📅 2017 May - 2020 May

- Conducted data structure and algorithms class among 100+ second and first year students for the introduction of competitive programming.
- Conducted Cryptomafia, a puzzle solving event under Coding Club in Computer Science events week.

- I was an online tutor on toppr platform where I solve doubts of student ranging from class 9-12.

ACTIVITIES

- Two times Organizer and one time winner of Cryptomafia, a logical reasoning and puzzle solving event in technoesis, the technical fest of NIT Silchar.
- MNIT Competiton : Secured 174 rank among 3000+ participants in an online coding competition.
