## • **Professional Summary:**

- Around **4.10+ years** of experience in object oriented analysis, design and development of web and client/server applications and **Debit, Credit Card & Prepaid Card Reconciliation System, Dispute Management System.**
- Have very good knowledge on all kind of **reconciliations** performed in **Financial Institutions and expertise in Cards & Digital Payment reconciliation.**
- Proficient in developing enterprise applications using **Java, JSP, JDBC, Servlets, Java Script, JQuery, Oracle, I-Reports**
- Experience in **Spring MVC**
- Good exposure to **Oracle 11g** database
- Experience in writing **SQL/ PL SQL** scripts including **stored procedures, functions, query tuning and optimization, indexes.** Written bulk export SQL scripts
- Experience on Application servers like **JBOSS Application server, Apache Tomcat 7.0, IIS Web Server**
- Expertise in using application development tools like **Eclipse, My Eclipse, SQL Developer, I-Report.**
- Experience in conducting **code reviews** and evaluating **code metrics**
- Experience in **requirement gathering** and writing Functional spec, **Technical documents and documents** related to project
- Have good experience to handle **Onsite international project.**
- Have Good exposure to **Onsite-offshore** coordination
- Involved in complete life cycle of the project and experience in interacting with end users right from collecting requirements to production support
- Positive attitude towards superiors, peers, subordinates
- Quick learner and performer both in team and independent job environments
- Worked on vulnerabilities to make application secure. (PADSS including cross side scripting attacks, sql injection and many more)

## • **Education**

- 2013 to 2016: **Bachelor Of Engineering (B.E) in computer science and Engg – First Class(Amravati University)**
- 2010 to 2013: **Diploma in computer engineering-Polytechnic, First Class MSBTE**
- 2005 to 2006: **Secondary School Certification – First Class Maharashtra state board**

## • **Achievements**

- Got stellar performance award for Jio Payment bank project.

# RUSHIKESH DAROKAR

## • Software Skill Set

<b>Technology Known</b>	Java, Oracle PL/SQL, Oracle WebLogic Server, XML, Spring MVC, JDBC, Web Services, JQuery, Java script and CSS
<b>Others</b>	A very good understanding on workings of major card schemes like VISA, Mastercard, NAPS (Qatar's Own interchange), IMPS, UPI, NEFT, RTGS, Wallet, RuPay, Cup, Amex, JCB with very good understanding on the file formats. VROLVCR development & Implementation.

## • Work Experience

### 1. Project: PADSS Implementation (Checkout Domain)

- Organization : **Financial software and system**
- Job Title : **Junior Software Engineer (Java, J2EE)**
- Working From : **Dec 2016 to Apr 2017**

PROJECT #1	
<b>Title</b>	PADSS implantation
<b>Team size</b>	4
<b>Client</b>	Druk PNB bank, SBI, Bandhan bank, Allahabad bank
<b>Duration</b>	Dec 2016 to Apr 2017
<b>Technology/ Environment &amp; Tools</b>	JSP, Servlet, Core Java, JDBC, Eclipse

<b>Roles and Responsibilities</b>	<ul style="list-style-type: none"><li>• Involved in development of code that restrict attackers and protect the product</li><li>• Involved in writing Unit test cases.</li><li>• Involved in creating ErrorMessage and Logs using Log4J</li></ul>

### 2. Project: JIO Payment Bank and Wallet Recon system

- Organization : **Financial software and system**
- Job Title : **Software Engineer (Java, J2EE, Spring MVC, Oracle)**
- Working From : **May 2017 to July 2019**

# RUSHIKESH DAROKAR

PROJECT #2	
Title	JIO Payment bank and wallet recon system
Team size	2
Client	Reliance JIO
Duration	May 2017 to July 2019
Technology/ Environment & Tools	Core java, JDBC, Servlets and JSP, JavaScript, JQuery, Spring MVC, Log4J, Eclipse, Oracle 10g, I-report
Description	Involved in creating a wallet recon for Load money, Bill pay, Spend Money, and Agent card recon. Also involved in Payment bank IMPS, NEFT, RTGS and UPI recon
Roles and Responsibilities	<ul style="list-style-type: none"><li>Involved in development of Payment bank and Wallet Recon.</li><li>Used Log4J for writing into different logs files Application Log and Error Log.</li><li>Creating a new Dashboard for IMPS, UPI, NEFT and RTGS.</li><li>Build the bank statement Recon to tally the whole day GL amount difference.</li><li>Created report using I-report.</li></ul>

### 3. Project: VROL Dispute System

- Organization : Financial Software and System
- Job Title : Software Engineer (Java, J2EE, Spring MVC, Oracle)
- Working From : Aug 2019 to Oct 2019

PROJECT #3	
Title	VROL Dispute System
Team size	2
Client	Qatar National Bank, Qatar
Duration	Aug 2019 to Oct 2019
Technology/ Environment & Tools	Core java, JDBC, Servlets and JSP, Web Services SOAP, Spring MVC, Java Script, JQuery Eclipse, Jboss, WebServer, Oracle10g VROL Online system of Visa
Description	VROL is a dispute system of Visa through which bank can raise the dispute for Visa card transactions.
Roles and Responsibilities	<ul style="list-style-type: none"><li>Involved in design and development of Actual Questionnaires' of VROL system.</li><li>Used Log4J for writing into different logs files Application Log and Error Log.</li><li>Questionnaires' .integration from Visa VROL system</li></ul>

# RUSHIKESH DAROKAR

	<ul style="list-style-type: none"><li>Handled to project single handedly.</li><li>Used SOAP web service to send and receive request and response.</li></ul>
--	---

## 4. Project: Axis Bank Card Recon System

- Organization : Financial Software and System
- Job Title : Software Engineer (Java, J2EE, Spring MVC, Oracle)
- Working From : Nov 2019 to Dec 2019

PROJECT #4	
Title	Axis bank card recon system
Team size	3
Client	Axis bank
Duration	Nov 2019 to Dec 2019
Technology/ Environment & Tools	Core java, JDBC, Servlets and JSP, Web Services SOAP, Spring MVC, Java Script, Jquery Eclipse, Web logic, WebServer, Oracle10g,I-Report
Description	Debit and Credit card recon system to match the transactions and provides the refunds to customers
Roles and Responsibilities	<ul style="list-style-type: none"><li>Developed Master and Visa cards Recon system</li><li>Build the extraction and Reconciliation report using I-Reports.</li><li>Developed the transactions search screen.</li><li>Developed the code that can generate TTUM which consume by Finacle and provide the refund to customers.</li></ul>

## 5. Project: QATAR National Bank Debit card recon system.

- Organization : Financial Software and system
- Job Title : Software Engineer (Java, J2EE, Spring MVC, Oracle )
- Working From : Jan 2020 to Jun 2020

PROJECT #5	
Title	Qatar national bank Debit card recon system
Team size	4
Client	Qatar national Bank, Qatar
Duration	Jan 2020 to Jun 2020
Technology/ Environment & Tools	Core java, JDBC, Servlets and JSP, Spring MVC, Java Script, Jquery Eclipse, Web logic, WebServer, Oracle10g,I-Report
Description	Debit card recon system for Visa, Master card, Naps, Amex, JCB and CUP

# RUSHIKESH DAROKAR

<b>Roles and Responsibilities</b>	<ul style="list-style-type: none"><li>• Requirement understanding, analysis, estimation and design for Visa iss, Acq and Merchant Recon.</li><li>• Involved in Dispute issue solving</li><li>• Handled international client and their requirements. Also participated in many meetings</li></ul>
-----------------------------------	--

## 6. Project: Master Card Dispute Management system

- Organization : **Financial Software and System**
- Job Title : **Software Engineer (Java /J2EE, Spring MVC, Oracle)**
- Working From : **July 2020 to April 2020**

PROJECT #6	
<b>Title</b>	Master card dispute management system
<b>Team size</b>	3
<b>Client</b>	Axis Bank
<b>Duration</b>	July 2020 to till date
<b>Technology/ Environment &amp; Tools</b>	Core java, JDBC, Servlets and JSP, Spring MVC, Java Script, JQuery Eclipse, Web logic, WebServer, Oracle10g, I-Report
<b>Roles and Responsibilities</b>	Developed code for Uploading bulk file of raised transactions and validating the same. Generate the outfile for master card in epidemic format so the dispute will generate on raised transactions

### • Personal Details:

- Full Name : - Rushikesh Pundlik Darokar
- Permanent Address : - s/o Pundlik R. Darokar, AT.PO Kurha, Tq. Teosa, Dis. Amravati. Maharashtra – 444097
- Local Address : - Hindustan arcade Building, Flat No – 4, Tingare nagar Road, Vishrantwadi , Pune - 411015
- Date of Birth : - 02nd May 1991

I hereby declare that the above written particulars are best of my knowledge and belief.

Place: Amravati
