EDUCATION

PGDM in Data Science
Manipal Academy of Higher Education (8/10 CGPA) (MAHE UGC Accreditation Certified)

01/2020 - Present   *India ,Banglore*

Courses
- Learned Python & Libraries like Numpy Pandas Seaborn Matplotlib Machine Learning using Scikit Learn ,Deep Learning using Keras Tensorflow,NLP.
- Working in the environment like Jupyter Notebook, Anaconda,Vs code,Google Collab,DataBricks
- Working with Business Intelligence Software like Tableau,Web Scrapping using Beautiful Soup,Selanium.
- Statistics,Parametric Tests,Non Parametric Test,Probabilistic Statistics, Sampling Techniques,Descriptive & Inferential Statistics.

B TECH IN MECHANICAL ENGINEERING
CMR GROUP OF INSTITUTIONS

04/2015 - 05/2019   *HYDERABAD TELANGANA*

WORK EXPERIENCE

Byjus the Learning Application
Business Development Associate

05/2019 - 11/2019   *India BANGLORE*

BYJU'S - The Learning App is an Indian educational technology and online tutoring firm founded in 2011 .

Achievements/Tasks
- Revenue responsibility, Business Development Associate, Finance Management.
- Achieving Sales Targets, Consistently Generating Revenue of Fixed Targets on weekly basis

MACHINE LEARNING RESEARCH INTERN
Pianalytix Private Limited

11/2020 - 12/2020   *Hyderabad*

Achievements/Tasks
- Web Scrapping, Feature Engineering, Feature Scaling
- Explorative Data Analysis, Model Building, Data Visualization
- Optimization of Models Using Hyper Parameter Tuning, Working With GOOGLE COLLAB ENVIRONMENT
- Worked as a Team Player Completing Project on Deadline.
- Statistical approach to model building following the complete life cycle of the Data.

SKILLS

Python PANDAS Pyspark Keras Seaborn Matplolib TensorFlow Hadoop/HIVE AWS Statistics with Python NLP SQL MYSQL ORACLE MACHINE LEARNING DEEP LEARNING COMMUNICATION SKILLS Beautiful Soup Selanium

PROJECTS :

Apple Stock Market Prediction Using Stacked LSTM

Translating French Phrases to English Phrases using Encoders & Decoders

Topic Modeling from Scratch using Pyspark

END To END Prediction of Bengaluru Real Estate Prices with Deployment AWS EC2 Instance

COVID 19 Life Expectancy prediction Building Regression Model (INTERNSHIP)

TWITTER Sentiment Analysis using VADER and AFINN Scores.

SOCIAL MEDIA TARGETING AD RESOURCES SPENT USING TABLEAU (DASHBOARD)

ChatBot Going Merry

CERTIFICATES & ACHIEVEMENTS

Business English Certificate By Cambridge University

Machine Learning Powered By IBM

Python 101 Powered By IBM

SQL & Relational Databases powered by IBM

5 star Coder at Haker Rank in Python and SQL
https://www.hackerrank.com/isaiahisaiah715

730 + Commits on GitHUB

LANGUAGES

PYTHON	SQL
Full Professional Proficiency	*Full Professional Proficiency*

INTERESTS

Neural Networks   Natural Language Processing
