SUMMARY

- 2.10 Years of experience in Salesforce Development.
- Good understanding of Apex Classes, Lightning Components, Workflows, Process Builders, Apex triggers.
- Hands-on experience of Lightning Community.
- Proficient in Salesforce Configurations.
- Have good knowledge on CRM Tool- Salesforce, Workbench, Data loader.
- Certified in ADM 201, App Builder and Platform Developer I.
- Expertise in problem solving and experienced in using tracking tools like JIRA and Rally.
- Have intensive involvement in designing solution by analyzing the given requirement from functional as well as business perspective.
- Have experience in deploying Salesforce components using Clickdeploy and workbench.
- Actively involved in production deployments and proficient in solving deployment errors.
- Have involved in designing of flexi pages, page layouts, profiles, permission sets, sharing rule, OWD, Roles, Territory Management, Pardot Integration.
- Basic knowledge on Salesforce Integration (REST) and LWC.

EXPERIENCE

FEB'18 – TILL DATE
APPLICATION DEVELOPMENT ANALYST, ACCENTURE

PROJECT INFORMATION
As a SFDC Service professional, successfully completed the following assignments:

LIGHTNING: Developed complex Lightning Aura Components.
Lightning Apps, Apex Coding with best Practices, Aura attributes, Aura methods, Events (Component & Application), Aura Enabled Apex controllers.

LIGHTNING EXPLOSURE: Building Reusable & Responsive lightning components for lightning experience & communities.
- **Event Handling:** Component Event, Application Event, Event Propagation Phases.
- **Salesforce Lightning Design System:** SLDS grid system, Utility Classes- Margin, Padding, Borders, Alignment, etc.
- **Use Predefined Interfaces In Lightning Component:**
  force: hasRecordId, force: hasSobjectName, force: lightningQuickAction
  force: appHostable, forceCommunity: availableForAllPageTypes, etc.
- **Standard Event Handlers:** Init, valueChange, locationChange, etc
- **Exposure to Lightning Namespace:**
  Navigation in Aura
  Error Handling at Client-Side Controller
  Use of Client-Side cache, Aura Methods, Aura Actions
  Spinner, Toast Messages

VISUALFORCE PAGES:
- Building UI and Remote Actions.
- Launching Lightning component from VF pages.

APEX CODING:
- Triggers, SOQL, Wrapper classes, etc.
- Test Classes - Test Setup, Utility class methods for test class.
- Custom Setting, Custom Metadata, Labels.
- Collections – List, Set, Map.

ASYNCHRONOUS APEX: Partial hands-on experience on Future method, Queueable Apex, Schedulable Apex, Batch Class.

AUTOMATION WITHOUT CODING: Workflow Rules, Process Builder, Approval Process, Flows.

SECURITY IN SALESFORCE: OWD, Profiles, Roles, Permission Set, Sharing Rules, F.L.S, Manual Sharing.

CONFIGURATIONAL SKILLS:
- Setup Apps, Objects, Dependent Picklist, Global Picklist.
- Record Types, Page Layouts, List Views.
- Fields, Validation Rules, Formula Fields, Roll Up Summary Fields.

INTEGRATION:

PARTIAL HAND ON-
- JSON Parsing.
- Http Callouts, Rest API, Test Class for Rest API & Http Callouts.

RESPONSIBILITIES:

- Involved in solutioning functional requirement of client from Salesforce perspective.
- Involved in designing Security Model.
- Handling SFA team tracking user stories in Rally/JIRA.
- Designed flexi pages like account record pages or lead record pages.
- Designing workflows, process builder trigger, apex class, Lightning Component.
- Actively involved in creating Territory Management.
- Involved in designing of data model, validation rule, formula fields, sharing rule etc.
- Deploying salesforce components via ClickDeploy.
- Writing test classes for different classes.
- Actively involved in client calls and demo.
- Sending Daily development end to end status.
- Worked on finding the root cause of complicated business issues with quick turnaround.
- Work with the team to develop and test functionality that meets documented design.

EDUCATION

JULY'17

BACHELOR OF ENGINEERING (COMPUTER),

SINHAGAD ACADEMY OF ENGINEERING, KONDHAWA, PUNE

Pursued Bachelor of Engineering in Computers' from Sinhagad Academy of Engineering, Pune with 72.93%.
