# PROJECTS

## CallMediLife Retail Web Application

*Technology Used: React JS, React Redux, Tailwind CSS, JavaScript.*

- ❖ Designing web application using React JS for Front-End.
- ❖ Designing pages with Tailwind CSS.
- ❖ Managing state management of the website with the help of Redux.
- ❖ Handling validations for form submission and sending data to backend with the help of API integration.
- ❖ The Web Application is a dynamic website, it is developed to server the purpose of providing information regarding the different services provided by the company. And also for booking appointments for the services provided.

## Pathology Management System

*Technology Used: Asp.net, MySQL.*

- ❖ Pathology Management System is a desktop based application.
- ❖ The application is made to ease the day to day task of the pathology, making it easy to maintain records and bills.
- ❖ All the records of the patients, tests and their bills are maintained in a computerized manner making the maintenance and retrieval of the details easier.

## Restaurant Management System

*Technology Used: HTML, PHP, WAMP Server.*

- ❖ Replaces the current manual and telephonic process of food ordering and table reservation.
- ❖ The front-end was developed using HTML, CSS, JavaScript; the back-end was managed using the PHP & WAMP Server.
- ❖ The website is dynamic website, it was developed to serve the purpose of providing information to both the known and unknown customers, so that they can view the different dishes available and order accordingly.
- ❖ It also helped the customers to reserve their tables so that they can avoid the inconvenience of waiting in queues.

# INTERESTS

- ❖ Listening Music.
- ❖ Archery.
- ❖ Spending time with family.

Above is the brief description of works I have done till date which are true to the best of my knowledge.

Thanking You,                                                                                         Sincerely,

Date:                                                                                                       (Anjali Singh)
