Cell: 9522942241 / 8349630283

OBJECTIVE

To work in an organization where I can effectively contribute my skills and education to the best of my satisfaction towards the goals of the organization and enhance my knowledge and ability to meet the real challenges of corporate world.

EXPERIENCE

Total Experience 4.1 years

Roles and responsibilities:

Currently I am working in Wipro (**Cisco** client) as **Senior Software Engineer** from 1 July 2021 to till date. Previously I had been associated with (Honda client) from July 2018 to June 2020 and (Credit Suisse client) from July 2020 to May 2021.

Current Working Project:

Currently I am working on Identity service engine application, basically automating various UI scenarios using python selenium. The code run is based on remote container and interpreter. I'm working for verification and validation testing.

Past project:

• 2 years of experience in automotive infotainment system testing for various modules like Settings, Bluetooth, Navigation, FM, AM, E911, VR and SMS etc. And 1 year of experience in manual testing.

• In manual testing i use to create the test cases and also did the Buildup gradation and in manual testing we need to execute the test cases manually and find the bugs that's all we have did in manual testing.

• 3 years of Experience in System testing with expertise in all aspects of STLC and different types of testing like Unit, Integration, System, Functional, Long Haul, Stress and Regression testing etc.

• Experience in Test Planning, Test Case Preparation, Test Case Development and Test Execution using python with selenium, and also Defect Logging and Root Cause Analysis and Good understanding of S/W Development Lifecycle,S/W Testing Life Cycle.

• Experience in Unit, System, Regression, User Acceptance, Smoke and Sanity Testing in Production and lower environments using python with selenium. Did the verification and validation testing.

• Experience in basic SQL Queries for database testing.

• During manual and automation testing perform Bug tracking and reporting using Defect Management Tools (JIRA)

• Experience in manual and automation testing and verification and validation and handling projects independently.

• Experience in Zalenium Framework using python, GitHub, Jenkins, Dockers and Containers

• 3 years of Experience in Python with selenium Automation using PyCharm Professional (tool)

• Experience in PUTTY commands (Linux commands) and Perl scripting.

• Did verification and validation for different ECU's like FCB, Meter and Tuner and amplifier.

• Experience in sending the Daily Execution Status Report, Weekly Status Report to business. •Experience in preparing Knowledge Sharing Documents in Confluence page

 • Experience in mentoring the new joiners in the team.

Achievement Awards:

Received Shining Star Award for Excellent work in project

Received Employee Excellence Award for developing the highest scripts in the team

Technical Skills:

- Have good knowledge and hands-on experience on manual testing and python with selenium and verification and validation of functionality and various data structures ke tuple, dictionary, list, and set and their operations, list and dictionary comprehension techniques.

- Having knowledge on oops concept Inheritance, Polymorphism, Encapsulation and abstraction

- Having knowledge of manual and automation testing with Perl and Python Scripting.

- Worked on Infotainment system testing, website testing and some database testing.

- Having knowledge of LIN, CAN and MOST Protocols for ECU testing like FCB, METER, TUNER and AMPLIFIER.

- Hands on experience with tools such as Pycharm, gitHub, Putty, Jenkins, Jira, K2L Viewer, Tectia, control-m, DevAssure.

ACADEMIC DETAILS

Qualification	Institution Studied/University	Year of Passing	Grade Secured
MTech Data Science and Engineering	Birla Institute of Technology & Science, Pilani	2018	78%
B.Tech Computer Science and Engineering	Jaypee University of Engineering & Technology Guna (m.p)	2014	69%
12th	Govt. Boys Higher Secondary School Guna (m.p)	2012	77%
10th	Govt. High School Amlyabada Distt. Guna (m.p)	2010	66%

PERSONAL DETAILS

Father's Name   : Amar Singh Meena

Date of Birth   : 2 July 1996

Languages Known   : English, Hindi.

Current Address   : Krishnamurari meena

   308 B block Aspiria Society near HP Petrol Pump Hinjewadi Phase1 Pune Maharashtra - 411057

DECLARATION

I hereby justify that the above information is true to the best of my knowledge and belief.

Place: Pune
