OBJECTIVE

To succeed in an environment of growth and excellence IT Infrastructure which provides me job satisfaction and self-development and helps me achieve personal as well as organizational goals.

SKILLS

- Azure/AWS/Oracle Cloud Computing.
- IAAS.Azure Virtual Machines,StorageAccounts, Subscription,Resourcegroup, VNet,ARM Template,NSG,VPN Gateway,Load Balancers,VMSS ,Azure Firewall, Azure Backups ,Disaster Recovery ,Recovery Service vaults.
- AWS Cloud (EC2,S3,EBS,Lifecycle Manager VPC,Transit Gateway, VPN ,AWS Workspace,Security Groups, NACL, VPN Gateway, CloudTrail, CloudWatch,ELB,Route53).
- Oracle Cloud (OCI Interface,Instances,Boot volumes,Block Volumes,Compartments,VCN, Security List, Dynamic Routing Gateways).
- Automation
- Terraform
- Windows/Linux Support
- Office 365 /M365.
- Active Directory/Azure Active Directory
- Powershell
- Exchange Admin Center Exchange Online
- Cisco Routing & Switching Linux
- ITIL
- ServiceNow

EXPERIENCE

Hexaware, Pune — CLOUD CONSULTANT /CLOUD SECURITY NETWORK ENGINEER
NOV 2021 - PRESENT

- AZ 305 Certified with 7+ Years of enterprise experience in Industry.
- Design, implement and maintain all Azure/AWS/Oracle infrastructure and services within a managed service environment.
- cloud certification for Microsoft Azure.
- Scripting tools: power shell
- Experience in Infrastructure As Code – terraform
- Experience in Assessment of Application Security
- Experience with designing and implementing multi-cloud security management technologies CWPP
- Managing the day-to-day activity of the cloud environment.
- Posses in-depth understanding of compute storage, network components including backups,monitoring and DR environment requirements.
- Experienced in creating, mannaging cloud compute services such as Azure Virtual Machines,EC2 Instances, Virtual Machine Scale Sets etc.
- Deployed pre-scripted Terraform scripts to build a new environment from scratch as infrastructure as code practice.
- Addressing and managing Cloud's network connectivity issues by investigating various network services such as NSG,route tables, Azure native firewall rules,VPN Gateways.
- Configuring Load balancer and managing backend pools.
- Startergize recovery solutions for instances by taking volume/disk snapshots, machine Images(AMI,Azure Image),Backup vaults.
- Performed cloud landing zone design involving Account/Organization/Subscription structure, IAM.
- Deployed VPC and Azure Vnets to set up the necessary resources into it.
- Implement process and quality improvements through task automation. Institute infrastructure as code, security automation and automation or routine maintenance tasks.
- Worked with the cloud delivery team to provide technical solutions/services roadmap for customers.
- Participate in technical discussions and explain Azure/AWS/Oracle solutions and services to meet customer requirements.
- Remain involved in customer project delivery and managing customer expectations.
- Strive towards developing and organizing cloud resources.

- Remains engaged to identify the top architecture solutions to successfully meet strategic needs of customers.
- Responding to technical issues in a professional and timely manner.
- Ensured troubleshooting the incidents that arise by identifying the root cause, addressing and documenting the problems, and applying preventive measures.

WIpro, Pune — AZURE CLOUD INFRA ENGINEER

OCT 2019 - OCT 2021

- Worked as Cloud Administrator on Microsoft Azure platform, it comprised activities such as configuring virtual Machines, Storage Accounts, Resource Group & subscriptions.
- Remote login to Virtual Machines troubleshoot, monitor and deploy resources
- Migrating Virtual Machines from one subscription to another.
- Managing day to day activity of the cloud environment, supporting development teams with their requirements.
- Coordinating with clients for all support required.
- Provide assistance in the development and maintenance of the System application.
- Monitoring and creating alerts about current events and status of Azure resources.
- Working with ARM Templates for deploying resources as part of infrastructure as code.
- Initially used Exchange Admin center for managing
- mailboxes.
- Performed License Management for O365.'
- Experienced in user mailbox properties such as legal hold, online archive.

Wipro, Mumbai — NETWORK ENGINEER

JUNE 2016 - SEPT 2019

- Coordinated with the ISP (Internet service provider) to deploy the PRI link, Data link and VSAT at the new branches.
- Managed Replacement and Roll-out of routers and

switches of previous models with new ones across all branches of CBI.

- Assured steady support for CBI on backend connectivity issues and troubleshooting all technical and networking related links like MPLS, VPN, Point to Point link & fiber links.
- Configuring Cisco Routers and Switches for the CBI branches.
- Coordinated with the Vendors to deliver the routers, switches and airtight devices.
- Monitor and Maintain systems and network performance, health, security.
- Aligned engineers at the branches for support.
- Arranged meetings for the planning of the new branches with the customer and vendors.
- Worked with the vendors to upgrade the Link bandwidth.
- Working with Cisco ACS (Mac filtering for wireless device, Adding network device on ACS for authentication through TACACS server).
- Coordinating with different teams to schedule downtime and performance maintenance activities.
- Coordinating with service providers for Link delivery in new branches and backup to existing branches.
- Migrated more than 1664 routers and switches of CBI across location.

Wipro, Mumbai — PROJECT COORDINATOR

OCT 2016 - MAY 2016

- Piloting the installation & commissioning of Access Control System (Biometric, FID Reader, EM-Lock Control cards, Boom Barrier).
- Ensure quality installation according to customer requirements.
- Conducting site survey, planning the project activities and ensuring implementation as per the guidelines.
- Providing technical support to customers to troubleshoot the issue.
- Tracking the maintenance of equipment and infrastructure available at the site.
- Overall control and track on all activities related to the project.
- Programmed and configured access system as per customer data.
- Installation and commissioning of IP cameras as per the customer requirement.

INTERPERSONAL SKILLS

- Adaptability
- Good Grasping Abilities Good Leadership

- Good Communication Good Analytical Skills
- Writing

EDUCATION

BITS PILANI — M-TECH

2019 - 2021, PUNE

M. Tech. (Information

Systems) from BITS Pilani in 2021 with **7.13 CGPA**.

BITS PILANI — B-TECH

2016 - 2019, MUMBAI

B. Tech. (Information

Systems) from BITS Pilani in 2019 with **7.86 CGPA**.

PIMPRI CHINCHWAD POLYTECHNIC — DIPLOMA

2012 - 2015, PUNE

Diploma in Information

Technology from Pimpri Chinchwad Polytechnic, Pune in 2015 with **84%**.

SPM ENGLISH MEDIUM SCHOOL — SSC BOARD

2012, PUNE

SSC from Maharashtra State

Secondary Education Board in 2012 with 84%.   *84%.*

ACHIEVEMENTS & CERTIFICATIONS

AZURE AZ-305 CERTIFIED — AZURE SOLUTIONS ARCHITECT EXPERT

2022, PUNE

Completed My Azure Solutions Architect Expert Certificate with a Score of 900.

AZURE AZ-103 CERTIFIED — AZURE ADMINISTRATOR

2020, PUNE

Completed My Azure Administrator Certificate with a Score of 800.
800.

OUTSTANDING PERFORMER — WIPRO

2017

Got recognized as an outstanding performer of the Quarter (Q1 -2017) .
.

WINNER OF GUSTO QUIZ COMPETITION — PCP COLLEGE

2015, PUNE

Won annual IT Quiz Competition organized by college to test the
knowledge and understanding of the students.
students.

SILVER MEDALIST — TAEKWONDO

2010, PUNE

Ended Up as Runner-Up in Taekwondo Fight Competition
Competition.
