WORK EXPERIENCE

Senior Member of Technical Staff

Mindstix Software Labs Pvt. Ltd

10/2017 - Present

Pune

Roles & Responsibilities

- Managed product delivery from concept to deployment, incorporating Netflix OSS Microservices
- Ensured consistency with standardized development practices, optimizing efficiency with Spring Cloud.
- Conducted performance analysis with a primary focus on microservices to enhance application responsiveness
- Designed custom database schemas tailored for diverse applications, enabling seamless data management within Docker containers.
- Provided mentorship and collaborated to address complex technical challenges, particularly those related to microservices.
- Demonstrated expertise in creating RESTful & GraphQL services using Spring Boot in a Dockerized environment, skillfully managing configurations with Spring Cloud.

PROJECTS

Payments POD (2023 - Present)

It is intended to provide unified & centralized Payment Mgmt and payment Processing APIs to VMware business units & services. It supports various payment instruments such as credit cards, funds, pay-by-invoice, sales-led purchase orders, and more.

Events Portal, Provisioned Workspace and Smartspaces (2022)

Smartspaces is an all-in-one platform developed in-house by the VMware Multimedia and Emerging Technologies team. It supports end-to-end lifecycle management of the multimedia estate by integrating various applications.

SingleDose (2021)

The SingleDose is a great solution for better relationships between Doctors and Medical Representatives. Doctors can check out the new product launches of any pharmaceutical company and schedule a meeting with the pharma company's MR.

On The Move - Products & Platforms (OTMPNP) (2018 - 2021)

ELC is one of the luxurious brands in the US, that deals with prestige cosmetic products. They have multiple B2B and B2C applications. OTM PnP combines ELC applications i.e. (TROTM, NA Mobilize & APAC ROTM) over a single infrastructure using a strong set of microservices. Applications of ELC help to empower the workforce to drive sales growth by automating and streamlining manual tasks.

Qworem - Locktex (2017 - 2018)

Qworem's mission is to make the complex relationship between a company and its board of directors as professional, responsive, and transparent as possible with maximum control and minimum work by the CEO and management team. Boards now demand increased communication and access to key company information in a convenient, easy-to-use, and secure environment.
