Selenium Java ,Maven, Junit, Understanding HTML,CSS , SQL, JavaScript.

## INTERESTS

### Cypress Automation Engineer

Having an experience of 2+ years in to Automation testing , it interested me to look into other areas. Started learning about Cypress Automation in e-learning site available and getting to know them, having hands-on of free sources available online and had some knowledge about cypress automation testing. As a part of learning, tested some sample websites in the free source provided by UDEMY.
