---

## Education

### Bachelor of Technology (BTECH)

National Institute of Technology (NIT), Surat, Surat, Gujarat  
04/2018

---

## Experience

### Wipro

Senior Associate Consultant, Pune, Maharashtra  
07/2018 - Present

- My primary work was to integrate the information fragmented around different sites of the client and provide one entry point from a portal built on Salesforce Lightning framework using Salesforce Community.
- Building a Dashboard in the salesforce where admins can dynamically control the visibility of different modules and the data shown on the portal based on different Countries.
- Different Integrations using REST API :
  1. Salesforce to CSOD (Corner Stone On Demand) integration.
  2. Salesforce to Salesforce integration for retrieving ServiceMax Cases.
  3. Salesforce to PAL (Philips Asset Library) for retrieving resources.
  4. Salesforce to Totara integration for retrieving trainings.
- Extensive use of lightning components for building pages for community.
- Used Lightning Events (Application Event, Component Event).
- Hands on User & Profile Management , OWD and Sharing Settings.
- Used Change sets for deploying changes from one org to other.
- Hands on Triggers with Trigger Framework, Apex Classes, Test Classes,Exception handling techniques.
- Used search layouts to organize fields, related lists, created custom quick actions, and other components on a record detail pages.

---
