| Microsoft Azure | Git / SVN |

| VS Code / Atom / Sublime |

| Linux / Windows / Mac |

EDUCATION

PGP in Business Analytics & Business Intelligence

Great Lakes Institute of Management

📅 2019 - 2020

B. E in Computer Science

Anna University

📅 2009 - 2013

STRENGTHS

Creativity
My natural creative ability allows me to develop intuitive user interfaces and provide innovative solutions to technical problems.

Communication
My well-developed linguistic ability helps me express thoughts and explain ideas through crisp and concise speech as well as text

Mentorship
Conscious to be approachable and create an open and supportive climate for discussion within the team. Seek to develop trust by encouraging open, two-way communications.

Adaptability
Able to rapidly learn new skills and technologies in response to changing requirements and equip myself for new challenges

CERTIFICATION

Software Engineer for Shell
Graduated the Udacity NanoDegree through the Shell Train-to-Hire Scholarship Program

PASSIONS

Product Management
I enjoy actively contributing in various stages of the product life cycle

Data Analytics
Enjoy data exploration and providing insights through data visualization
