ABOUT ME

To achieve to the fullest potential and pursue towards success with persistence and self-determination. An enthusiastic learner of Data Analysis. I feel that my strongest strengths are firstly having a passion for Technology and then my enthusiasm for Data Analysis/Science related tech which is the fuel of next generation technology. On a personal level, I am detail-oriented, organized, and precise in my work; the only thing cleaner than my room are my spreadsheets and I also have the ability to understand and prioritize my work according to needs. Finally, my practice of eager learning to be handy in the Tech world.
