IDREES SHAIKH

Specialist

Pune, Maharashtra
idris.mssd@hotmail.com
+91 9923793312

SKILLS

- .NET Frameworks: 2.0-4.7.2
- MS Technologies: C#.NET, ASP.NET Core Web API
- Azure Pass Development
- Azure SQL Creation and managing
- Database: SQL Server 2008 - 2017
- IDE: 2010 - 2019
- TFS: 2010-2019
- Scripting Language: Angular, JS

TRAINING & CERTIFICATONS

- Microsoft Certified: Azure Fundamental, 2021
- Microsoft Certified: Azure Developer Associate, 2019
- MCP Certification, 2018
- C-DAC, 2009

AWARDS & HONORS

- Hitachi Solutions India Long Service Award
- Hitachi Solutions India Jewels Gold Award

PROFESSIONAL AFFILIATIONS

Hitachi Solutions India Pvt. Ltd
Active Member: 2014 – Present
- MS Azure PaaS
- ASP.NET Core
- ASP.NET Core Web API
- SQL Server, Azure SQL
- Angular 11
- ASP.NET MAV 5, C#

Futurism Technologies Pvt. Ltd
Passed Member: 2011 – 2014
- ASP.NET MVC 3, C#,
- SQL Server 2014
- Communication with the client

InfoDart Technologies Ltd
Passed Member: 2010 – 2011
- C#. ASP.NET
- SQL Server 2008
- Worked on .net internal projects

Education

- Master in Computer Science, Aurangabad
- B.Sc. Computer Science, Aurangabad
- H.S.C Aurangabad Board, Aurangabad
- S.S.C, Aurangabad Board, Aurangabad

PROFESSIONAL SUMMARY:

- The Software Development Professional having 11+ years of IT/Business Solutions experience in analysis, design, development and implementation of cost - effective, high quality, high-performance and innovative technology solutions.
- A Microsoft® Certified Microsoft Azure Developer.
- Expertise in analysis, design and development of custom solutions/applications using Microsoft technology stack.
- Development level experience in Microsoft Azure, ASP.NET Core Web API, and C#
- Extensive knowledge in Microsoft Azure - Service Bus, Queues, Logic Apps, Web Jobs

CAREER HIGHLIGHTS:

- Having extensive experience in all phases of Software Development Life Cycle (SDLC) including Architecture, Requirement analysis, Design,
- Expertise in Azure web apps, Azure Functions, SQL Azure, and Azure Storage.
- Involved in developing the Azure Solution and Services like PaaS.
- Experienced in creation and configuring of Storage Accounts and also Configuration of blobs, tables etc.
- Deploying Web Apps and Creating Web-Jobs, Experience in configuring Cloud Platform (Azure SQL, Service Bus and Cloud Services).
- Developed Application in C# using entity Framework and LINQ.
- Worked on Queues, Blobs, and Containers to persist data on Azure.
- Developed an N-Tier Application and designed the Data Access Layer and Business Logic Layer using C#
- Expertise with Version Control Systems TFS 2010-2019
- Development, Implementation, Debugging, Testing, Documentation and Maintenance of Client/Server and web-based applications.
- Extensive Knowledge in Angular with ASP.NET Core Web API.
- Extensive knowledge in Microsoft Azure - We application, Web API, Azure Function, Azure Storage, ARM templates.

PROFESSIONAL EXPERIENCE:

February 2014 - Current   *Pune*
Specialist

Hitachi Solutions Pvt. Ltd
- Hands-on experience is in Azure PaaS Services included Web Apps, Azure SQL, Azure Blob, Azure Storage Table, and Azure function
- Developed Web Application and Web API and deployed on the Azure Web apps.
- Created Azure SQL Database on Azure Portal and integrated with .NET Core Web API
- Created azure blob storage for storing images
- Implemented azure storage table to storing order history
- Created azure function to add data in Azure storage table
- Developed ASP.NET Core Web Application in C#

November 2011 - February 2014   *Pune*
Software Developer

Futurism Technology Pvt. Ltd
- Establish strong working relationships across different technology areas
- Design & develop web solutions in .net technologies
- Involved in analysis, design and development of the application
- Developed database stored procedures, functions, and views
- Design & develop solutions using C#, ASP.NET, MVC, HTML5, MS SQL Server and related technologies

October 2010 - November 2011, *Aurangabad*
.Net Executive

- Design & develop web solutions in .net technologies
- Involved analysis, design and developed web application in C#.NET

PERSONAL INFORMATION

Name: Shaikh Idrees Ahmed Altaf Ahmed
Birthday: February 21, 1986
Gender: Male
Marital Status: Married

Nationality: Indian

ENGINEERING/TECHNOLOGY:

Languages: C#
Microsoft Technologies: .NET Framework 2.0 – 4.7, ASP.NET MVC, LINQ, Entity Framework, .Net Core, .NET Core Web Api
Web Technologies/client Scripting: Angular, Type Script
Cloud Technologies: Microsoft Azure PaaS Services
Databases: SQL Server 2008 – 2017
Development Tools: Visual Studio 2008 – 2022, SQL Profiler, Visual Studio Code, LINQ Pad, Postman
Versioning: Team Foundation Server (TFS) 2010-2019
Methodology: Design Patterns, N-tier Architecture

PROJECTS:

Project   Ecommerce Application
Organization: Hitachi Solutions Pvt. Ltd., Pune
Domain: Ecommerce
Technology Stack: ASP.NET Core Web API, SQL Server, Angular, Azure Functions, Azure webapps, Azure SQL
Responsibilities:
▪ Create solution architecture based upon Azure Pass Services
▪ Create WEB API using .NET Core to pull data from the database
▪ Responsible for providing estimates for developing web application
▪ Helping team member to resolve any technical issues and troubleshooting
▪ Create solution for web application in .Net Core Web API using C# and Angular
Achievements: Got an experience on azure PaaS technologies, Angular and. Net Core web api.

Project   FFR
Organization: Hitachi Solutions Pvt. Ltd., Pune
Domain: Ecommerce
Technology Stack: ASP.NET MVC, C#, SQL Server, LINQ
Responsibilities:
▪ Interacting with customers for requirements clarification
▪ Designing software components for implementing business requirements for web applications
▪ Code development and unit testing for implementing business requirements for web-based application
▪ Developed classes in Business Layer and in Data Access Layer in C#
▪ Created database objects using SQL Server including Stored Procedures, user defined functions and views
▪ Developed OTP generation and send email to the customer to validate customer for registration process
▪ Helping team member to resolve any technical issue, Troubleshooting

Project   PCN
Organization: Hitachi Solutions Pvt. Ltd., Pune
Domain: Ecommerce
Technology Stack: ASP.NET MVC, C#, SQL Server
Responsibilities:
▪ Involved in designing and implementing in web-based application
▪ Helping team member to resolve any technical issue, Troubleshooting
▪ Analyzed business requirements to evaluate the design application
▪ Designed and developed components using C#.NET
▪ Implemented the latest jQuery version and update jQuery level changes as per requirement.
