PROFILE

Driven and Detailed - Oriented Salesforce Administrator and Developer with Professional experience in Salesforce and supplementary programs. A good communicator and supportive teammate who is willing to upgrade profile to go the extra miles to help people.

WORK EXPERIENCE

SALESFORCE DEVELOPER

SGHI - TECH
2019 - Present

- Upgrading and configuring Salesforce Application for optimized integration
- Managing Salesforce roles, profiles, sharing rules, workflows and groups.

PROJECT

DIVISION BUDGET APPLICATION

CLIENT NAME - P.W.D. GOVERNMENT OF MAHARASHTRA

- It is developed for P. W. D. to make whole online process of Budgeting easier in their work, to generate different types of data, records various reports like, Headwise reports, MPR reports etc.
- Applications can create reports in excel format and send those to corresponding person via emails. SMS function is also included.
- It Allows Top users in hierarchy like government officers and Sr. Engineers to keep track of ongoing projects. Various Dashboards, charts becomes handy to review multiple projects within few minutes.
- And mostly important, use of different security settings avoids data manipulation on different stages hence assure transparency in PWD projects.
