SUMMARY

Creative code writer with more than 2 years of experience in Salesforce ecosystem and a degree in computer science looking for a position as a Senior Salesforce Developer with a reputed company that allows for the use of my extensive knowledge and challenges my skills. My long-time goal is to become Technical Architect.

PROJECTS

CRM Transformation

📅 03/2019 - Ongoing   📍 Hyderabad

Intent of entire project is to migrate a FORTUNE 500 company's business from Siebel CRM to Salesforce and to focus on building an efficient and scalable system that caters to enhancing and simplifying their existing processes and notes down how the various external systems will communicate with/from Salesforce.

Lightning Migration & Territory Management

📅 11/2018 - 03/2019   📍 Hyderabad

Supplier Industry wants to shift its complex business model to new Lightning Experience with the entire organization data structure modeled as per their defined sales territory and dealership management.

Financial Force

📅 08/2019 - 11/2019   📍 Hyderabad

Keste partnered with Financial Force to provide customized solutions on PSA and Finance module to replace existing ERP systems. We worked entirely on Resource Revenue Calculation Model built from scratch, act as an extension to their current managed package.

Handwritten Character Recognition Using Neural Networks

📅 08/2017 - 03/2018   📍 Rourkela

Final Year project included the implementation of different Neural Network models - Feedforward-NN, BackPropagation NN and kNN algorithms on MNIST Dataset to achieve maximum accuracy.

Log Analysis

📅 05/2015 - 07/2015   📍 Mumbai

Centralized Logging Using ELK Stack (ElasticSearch, Logstash and Kibana) for various Web Server and Applications. Helps in Server Health Check Report generation.

EXPERIENCE

Senior Software Engineer

Keste LLC

📅 07/2018 - Ongoing   📍 Hyderabad, India

Keste is an award-winning digital business consulting firm focused on enterprise-grade integrated B2B, B2C and e-commerce solutions

- Mostly been in Client-facing projects - worked directly with NA and EMEA clients to understand requirements and implement.
- Represented company in many Developer Conference around India - TrailheaDx, PyCon.
- Hosted multiple sessions for all employees regarding newly released Salesforce features.
