- Good experience in creating, modifying, and enhancing both manual Test cases and Test Scripts created in Selenium Web Driver.
- Knowledge of developing the scripts using TestNG annotations.
- Experience in working on Page Object Model Design pattern with Hybrid framework.
- Able to run the test cases for all browsers namely IE, Chrome and Firefox.
- Experience in Build Management Tool which is Maven for the Data Driven Framework.
- Knowledge of Repository management tool like GitLab and Continuous Integration tool like Jenkins
- Experience in developing, executing and maintaining specifications, test cases, test reports and documentation.

Project

1. Project: Emersion Billing
 Domain: Telecom
 Client: Emersion Systems, USA

Project Description:

Emersion is the total recurring billing and provisioning solution designed for MSPs, telcos, utility providers and every modern business to systematize and grow with a full range of powerful features and automation tools. Stay ahead of competition, boost and diversify your cash flow by developing recurring revenues with subscriptions and usage-based services. Emersion seamlessly integrates with leading software systems like Connect Wise, Zero, Stripe and more.

My Responsibilities:

- Understood project requirements.
- Prepare the test case
- Understand the customer requirement by analyzing SRS document.
- Involved in designing the Test Case.
- Participated in the Test case review meetings.
- Performed Functionality Testing, Retesting and Regression Testing.
- Responsible for EDA validation according to the Test Scenario.
- Interact with developers and discussed technical problems, Bugs Tracking.
- Reporting the Regular status to the higher authorities in a timely manner.
- Involved in Backend Testing.
- Effective co-ordination between development team and testing team

2. Project: Duo Gamming
   Domain: Gamming
   Client: Nordan UK

Project Description:
 Duo Gamming is an online gambling platform which consists of four different game such as Crash, Roulette, Crash jackpot

My Responsibilities:

- Understood project requirements.
- Prepare the test case
- Understand the customer requirement by analyzing SRS document.
- Involved in designing the Test Case.
- Participated in the Test case review meetings.
- Performed Functionality Testing, Retesting and Regression Testing.
- Responsible for EDA validation according to the Test Scenario.
- Interact with developers and discussed technical problems, Bugs Tracking.
- Reporting the Regular status to the higher authorities in a timely manner.
- Effective co-ordination between development team and testing team
- Test the game for Different Mobile Responsive and Resolutions
- Checking UI and the Animation Effect of the Game as Requirement

3. Project: Padallile
   Domain: Business
   Client: K2VENTU USA

Project Description:
 Padallile is a sports game platform, that provides players to get connect and scheduling different games offline with other available players and keep track of their games. Players will also will able to view ranking of the other players.

My Responsibilities:

- Understood project requirements.
- Prepare the test case
- Understand the customer requirement by analyzing SRS document.
- Involved in designing the Test Case.
- Participated in the Test case review meetings.
- Performed Functionality Testing, Retesting and Regression Testing.
- Responsible for EDA validation according to the Test Scenario.
- Interact with developers and discussed technical problems, Bugs Tracking.
- Reporting the Regular status to the higher authorities in a timely manner.
- Effective co-ordination between development team and testing team
- Test the game for Different Mobile Responsive and Resolutions
- Checking UI and the Animation Effect of the Game as Requirement

Academic Detail

Qualification	University	College Name
Bachelor of Science	Mumbai University	Ramniranjan Jhunjhunjwala College Ghatkopar, Mumbai.
HSC	MaharashtraState Board	B.G.P.Sahyadri Junior College Sangamner.
SSC	MaharashtraState Board	Yedeshwar Vidya Mandir ,Pune

Technical Skills

Programming Languages: Java,
Web Technologies: HTML
Testing Tool: Selenium. Jira,
Azure Devops, Postman
Operating System: Windows.
Database: SQL
CI/CD Tool: Jenkins and GIT.

Personal Skills

Good at working in team, Quick Learner and Creative, Patient Listener.

Interest

Travelling and exploring new places, Reading, Gaming. Cooking

Personal Details

Name: Vijay Tambade.
DOB: 27/06/1996
