

# Mohammad Fahimuddin

## Full Stack Developer

I am a highly competent IT professional with precise yet significant experience of working in some of the latest technologies of the market today. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. Being a learning enthusiast, I seek challenging opportunities that enhance my skills and spectrum of knowledge, in order to be able to serve the organisation I am working for as well as my inquisitiveness.
