Projects

Loan Origination System in Persistent Systems

Finance - Salesforce

I am working for one of the Indian NBFC, now a Private Bank. Our work involves analyzing and sometimes creating BRD, its impact on existing flows, Development of the requirement (Lightning Components + Apex + Integrations + Triggers + Configurations), Movement across environments, coordinating with third parties for resolving dependencies, while interacting directly with clients in the whole process.

Ice Cream Cakes & Catering in Persistent Systems Food & Dairy - Salesforce

I was working with the overseas Ice-Cream company for production support, resolution of production bugs and setting up integration (Sales Cloud to Marketing Cloud) and handling developments of new requirements.

Computer Vision Aug 17 – Apr 18 Final Year Project

We were working with mentor from Persistent Systems on how to increase visibility on streets when the headlights from the vehicle in front of us are of high intensity.

Website for Aarkay Techno Consultants Pvt. Ltd. (In ATCPL) Mar 2017 - Apr 2017 Mini Project

We designed a static website for Aarkay Techno Consultants Pvt. Ltd.
