Objective

To fully explore my potentials with rigorous hard work in Web, Software development, Application Development and to research & develop new techniques for flawless outcomes. Excellent communication skills with management and analytical abilities.

Experience Overview

- **Having 3 years** of experience in software development using **Java (Core & Advance), Web Application and Restful APIs**.
- Good knowledge in **Mysql Workbench, Mongo DB, Redis Data Structure**.
- Good knowledge in tools **Postman, SVN Version Control, Jenkins.**
- Familiar with **Functional programming, Oops concepts and Data Structure**.
- User friendly with **Linux operating system** and their useful commands.
- Made many changes for optimization which helped to large scalability of product.
- Very well awareness to learn new technologies and using the right tools for a job.
- Made 3 projects during academics based on Java & PHP.
- Excellent communication and time management skills with strong analytical, problem solving and decision making capability.
- Good Understanding of both business processes and technical development.

Achievement

- Winner in Saggezza Hackathon **Game of Codes**.
- Winner in DBS Hackathon **Hack2Hire**.

Technical Skills

- **Operating System**   : Linux (Ubuntu), Windows
- **Languages**   : C, JAVA 7&8, J2EE, Groovy
- **Frameworks**   : Spring, Hibernate
- **Databases**   : MySQL, MongoDB, Redis
- **Web Technologies**   : HTML, CSS, PHP
- **Area of Specifications** : **Data Structure & Problem Solving**

Experience Brief

- Intern at VISION IMPACT INFO PVT LTD, Bengaluru(Jan 2017 – Jun 2017)
- Associate Software Engineer at Saggezza India Pvt Ltd, Bengaluru (Dec 2017- Pres)
- Software Engineer at Goldman Sachs(Client Location), Bengaluru (SEP 2018- Pres)

Company Projects

Client Execution Report (Goldman Sachs Sep'2018-present)

Product description: CER (Client Execution Report) provides a middle tier platform to generate the report of the trade. As per MiFID II regulation, it requires to provide Client Report for PWM and SecDiv division under the Client Engagement work stream. The Client Engagement work stream structure has a firm wide work stream and divisional sub stream (SecDiv, GSAM and PWM).

For each reporting date and asset class, Refiner refines data throughout the day, query for batch asset class activity, get required reference data and call DSP to filter eligibility and report data and issues.

Technology: Java 1.8, JDBC, Mysql, MongoDB, Linux

Roles and Responsibilities: I have handled several responsibilities of development along with services to the client regarding live and support issues**.**

- Improved the processing and responsive time of the application.
- Resolved different runtime (production) issues regarding trade booking, exceeding query limit, failure report generation, sanity check issue etc.
- Worked with different data models to handle the information.
- Handled to save large size logs to our server for product qualities.

Hybrid Tigo Care (Saggezza Dec'2017-Aug'2018)

Product description: Hybrid Tigo Care (HTC) is a customer service platform used by Tigo customer service representatives to manage life cycle of Tigo customers who call in to the customer service number.

Technology: Java 1.7, Spring Core, JQuery, JSON, Hibernate.

Roles and Responsibilities: I have handled backend and data structure of this product along with services to the client regarding live and support issues.

- Handled basic authentication APIs like user registration, login, resetting password, forget password.
- Worked with different models for storing the data to database.
- Handled different types of prod issues.

Academic Projects

➢ Feedback form	Technology used: Java, My-SQL
➢ E-library Management System	Technology used: HTML, CSS, PHP, WAMP
➢ Online Polling	Technology used: HTML, JS, CSS, PHP, My-SQL

About me

I am a passionate programmer who loves building things and working on performance and concurrency problems. I have built many of robust, performant and highly usable web applications in my career. I love learning new technologies and using the right tools for a job and have a high focus on building applications that are robust and are highly polished.

Academic Profile

MCA (2014-2017)	**NIT, Jamshedpur**	**CGPA 7.34**
BCA (2010-2014)	Punjab Technical University	%age 73.10
12th Class (2010)	UP Board	%age 66.00
10th Class (2008)	UP Board	%age 65.00

Personal Details

Mother's Name	:	Suman Srivastava
Father's Name	:	Ashok Kumar Srivastava
Date of Birth	:	23-11-1993
Gender	:	Male
Marital Status	:	Single

I hereby declare that the information furnished above is true to the best of my knowledge and can produce testimonials whenever asked for.
