Key skills

- Java
- Core Java Programming
- Spring
- Spring Boot
- Spring MVC
- JSF
- JSP
- JSP Servlets
- Microservices
- Rabbitmq
- AWS
- Activemq
- Spring Security
- Spring Cloud
- jQuery
- SQL
- NoSQL
- SQL Server
- MySQL
- Kubernetes
- Docker
- Helm
- Sonarqube
- Ci/Cd
- Servlets
- Javascript
- System Design
- Architecture

Profile Summary

Around 11 years of experience in software development life cycle that includes Requirements study,
Development, testing with implementation of Java/JEE technologies.
Proficient in working with open source frameworks such as Java8, Spring 4.0, JSF
2.0,JavaScript,JQuery Hibernate 4.3,EJB 3, Jasper Report, Spring RESTful web service.
Hands on Experience in other tools like SVN, TFS, GITHUB for Version Control, Maven for
Build, Kubernetes For cloud deployments, Docker for Containerize ,Liquibase for Database Scripts.
Domain Exposure: Manufacture Execution System, Procurement System, Supply Chain
Management, Budgeting, Human Resource.
Roles and Responsibility: Developer, Domain implementation, Client Interactions, Devops implementation
Used PMD, Check style and Find Bugs for good coding coverage and better coding rules.
Easily mingle with any environment and hardworking nature.
Worked On Agile and Scrum methodologies.

Education

B.Tech/B.E., 2012

Visveswaraiah Technological University (VTU)

12th, 2008

Karnataka, English

10th, 2006
