SUMMARY

Senior-level Software Engineer specializing in **ETL, Data Warehousing, Bigdata domain**. Proficient in coding, designing solutions, project management, leading data team and client-facing projects delivery. Well-versed in Python, PySpark, SQL, Kafka & Azure Cloud. Strong background in client project management and customer relations.

SKILLS

- Python, PySpark, Databricks
- PostgreSQL, MySQL, Neo4j
- **ETL**: Attunity (Qlik Replicate), Azure DataFactory, AWS Glue
- **Data Warehouse**: Redshift, AzureSQL, Snowflake
- C++, Java
- Problem-Solving Skills

WORK EXPERIENCE

1. **SOFTWARE ENGINEER** (07/2020 – Present/2022)
2. **ASSOCIATE TRAINEE** (08/2019 - 06/2020)
3. **TRAINEE PROGRAMMER** (02/2019 - 08/2019)

Roles & Responsibilities, Yash Technologies
- Data Team Lead for Client DB Migration (IBM DB2 to AWS RDS).
- DB Developer for Database Migration (IBM DB2 to Postgres onprem).
- SQL/ETL Job Developer for Azure Datawarehouse application.
- Closely working with Yash Core Innovation Team (Bigdata)

ACHIEVEMENTS & AWARDS

- YASH TECHNOLOGY "**2022 STAR PERFORMER"** of the Year
- Received **3x Client Appreciation** for successful execution & delivery in complex migration projects.
- Optimised data processing up to 200% by query optimization, led to timely efficient insights.
- Automated bulk loading from IBM DB2 to Postgres, built high performance, efficient ETL pipelines through Attunity.
- Successfully implemented Reverse data syncing (CDC) in Realtime from Postgres to DB2.
- Applied Scrum-Agile methodology for client data migration activity.
- Applied Reverse Engineering for source to target system mapping.
- Accomplished 0% data loss:-implementing robust validation strategy.
- Successful & timely completion of projects, responsibilities assigned.

CERTIFICATION

- 2021 – **Microsoft** Certified Azure Data Engineer Associate.
- 2022 – **Microsoft** Certified Azure Database Administrator Associate.
- 2022 – **Microsoft** Certified Azure Solutions Architect Expert.
- 2022 – **Neo4j** Certified Professional
