EDUCATION

B.Tech

Lovely Professional University

2017 – Present

6.51/10 CGPA

Courses

– Electrical Engineering

XII (UP Board)

S M P S H S S BAHORIKPUR JAUNPUR(UP)

2016 – 2017

Percentage- 70

X (UP Board)

R A S I C BIJHWAT JAUNPUR(UP)

2014 – 2015

Percentage- 79.8

PERSONAL PROJECTS

Security Alarm Sensor

– Using PIR Motion Detection Sensor & Arduino i have made this project in which Buzzer create noise when any motion occurs.

Solar Light System

– Using PV cell battery get charged and using some module it can also use to charge mobile & lights.

Automatic Electric Car Parking & Breaking System

– By using UV Sensor and Arduino, i designed a electric car which automatically stop if any object come across of it and it can also capable to auto park.

SUMMER INTERNSHIP

BHARAT HEAVY ELECTRICALS LIMITED, JHANSI

Workplace/Company

06/2019 – 07/2019

I got "Excellent" grade by the invigilator of BHEL

– Done a six weeks internship on Heavy frieght Electrical Engines WAG-7H, WAG -9H, WAG -12H (Which is under development), formation of bulky Transformers for substations and core building of transformers. The training was to build a project report on Wag -9H.. This internship attract me to understand the hole manufacturing of locomotive and heavy transformers. which set a important milestone in my academic life.

SKILLS

C Programming

SQL/PLSQL Programming

C++ Programming

Assembly language Programming

Arduino Programming

Matlab Simulation

ACHIEVEMENTS

Discipline-Captain of School (2016 – 2017)

Class Representative of my Class (2013 – 2015)

ORGANIZATIONS

A B C D Organization (09/2018 – 01/2019)

Coordinator

SPADE (02/2019 – 05/2019)

Technical Field

Tranquil (08/2019 – Present)

Technical & Social Media

CERTIFICATES

Cloud computing (07/2017 – 09/2017)

Ethical Hacking (09/2017 – 10/2017)

Renovation Tech Robotics and Aeromodeling (09/2017 – 10/2017)

LANGUAGES

English

Full Professional Proficiency

Hindi

Native or Bilingual Proficiency
