Duration   : 28th Aug. 2019 to 9th Aug. 2020

Skills

AWS Skills: -

- Knowledge of monitoring, logging and cost management tools that integrate with AWS.
- Knowledge of AWS services like VPC, EC2, S3, Auto Scaling Groups, Load Balancer, EBS, IAM, Route 53, Cloud watch
- Used IAM service for creating roles, users, groups and also implemented MFA to provide additional security to AWS account and its resources.
- Created and launched EC2 instances using AMI's with Basic shell scripting.
- Created snapshots to take backups of the volumes and images to store launch configurations of the EC2 instances.
- Configured S3 buckets with various life cycle policies to archive the infrequently accessed data to storage classes based on requirement.
- Configured load balancers and auto scaling groups to distribute the traffic and to have a cost efficient and highly available environment.
- Experienced in creating multiple VPC's and public, private subnets as per requirement and distributed them as groups into various availability zones of the VPC.
- Created NAT gateways and instances to allow communication from the private instances to the internet.

- Used security groups, network ACL's, internet gateways and route tables to ensure a secure zone for organization in AWS public cloud.
- Implemented domain name service (DNS) through route 53 to have highly available and scalable applications.
- Maintained the monitoring and alerting of production and corporate servers using Cloud Watch service.

Linux :-

- Different types of Installation and configuration on RedHat, CentOS, Ubuntu.
- Administrations of Users and Groups in RHEL 7.
- Linux Package management tools (rpm, yum etc.)
- Scheduling jobs using Crontab
- Troubleshooting and Configuration of SSH, FTP, NFS and APACHE Server.
- Apache web server maintenance, installation, configuration, managing staging web hosting including name-based, secure and private site, certificate generate, manage user accounts.
- Taking backup on Linux server using Rsync, Zip and Tar.

Professional Qualification

AWS Certified solution architect associate.
Master of Network Administrator from Jetking Nagpur Mahal Learning Centre.
