## PROJECTS WORKED ON

### KOL Database (System analytic)

Key Opinion Leader profiling (KOL) approval is vital for a product's success factor throughout its life cycle. Pharmaceutical organizations generally connect with the key opinion leaders early in the drug development process to provide advocacy activity and key marketing feedback. The Pharma companies in cultivating Key opinion leader allocate considerable time and money

Project contains design, development and deployment of this application to the customer sites. The project provides 24/7 support to this application.
