JATIN JAIN SARAF

Software Engineer

jatinj2327@gmail.com , 8319733238 Ahmadabad, Gujarat

EXPERIENCE

Software Engineer

Rapidops Inc

January 2020 – Currently Ahmadabad, Gujarat

Software Engineer with a demonstrated history of working in the information technology and services industry.I have been working on multiple project in last 3 years while being a part of Rapidops Inc. As a part of it I have been working for a client who is one of the largest supermarket chain in the United States which has many projects and pilot. In this journey while working for company's product or client projects i have made my self more productive as a full stack developer . I have been worked on API and Admin part of many project in my journey at Rapidops.

- A chat Bot Development project based on AI&ML using dialog-flow and action on googles.
- A Drone Delivery project to reduce human roles in supply chain for the situations like covid-19.
- A generic Project to kick start any other pilot project so that we can deliver fast.
- Worked on - AI&ML project For Creating Customer carts as per their previous purchase
- Worked on a B2B restaurant supply project
- Recently start working on a CRM project which is a product of current company
