- Excellent analytical and problem solving skills.

Project Details:

Carsbuzz

App's Description:- In today's world, owning a car has become a necessity rather than a luxury. With busy lives and increasing demands for personal transportation, buying and selling cars have become common. The traditional way of buying and selling cars involves physical visits to car dealerships and private sellers, which can be time-consuming and inconvenient. To overcome this problem, Carsbuzz is developed which will enable users to buy and sell cars in a much more efficient and convenient way.

Frameworks: Spring Boot

Database: MySql

Language: Java

Responsibilities:

- Decide and implementation of framework
- Planning, designing, developing and maintaining the applications.
- Project collaboration.
- Integration of updates.
- Creating high-availability applications.
- Software analysis and error checking.

Kaiser Permanente(KP)- Healthcare(1 Million)

App's Description:- The Kaiser Permanente of Washington app makes it easier than ever to manage your health. Exclusively for Washington residents, the app has easy-to-use, quick-access options for virtual care, finding a doctor, exchanging secure messages with your care team, managing prescriptions, scheduling visits, paying bills, and more.

Language: Kotlin

Frameworks: Dagger 2, Mockito, JUnit, Data binding, Room

Architecture: MVVM

Quick Opinion Rewards

Description:- This is an android app which is designed for rewards and surveys. Where admin can launch and get the results of surveys. After performing the surveys, users can also see their results and get rewards in return. It worked by taking the last known location of the user and sending the surveys based on their last visit. Basically, the survey depends on lifestyle.

Frameworks: Spring Boot

Database: MySql

Language: Java

Responsibilities:

- Decide and implementation of framework
- Planning, designing, developing and maintaining the applications.
- Project collaboration.
- Integration of updates.
- Creating high-availability applications.
- Software analysis and error checking.

EDUCATION

B. Tech (Computer Science) from Arya Institute of Engineering & Technology in 2016, Rajasthan Technical University, Jaipur.

HSC/SSC from RBSE , Jaipur.
