---

## WORK EXPERIENCE

---

### **IQVIA OCE (Core- Development Team)**

Software Test Engineer ( Salesforce) | January 2019 – till date

- Currently I am a part of the core IQVIA OCE Testing Team where I am involved configuring and testing the newly developed features of the IQVIA OCE CRM using **Salesforce sales cloud**.
- IQVIA OCE CRM is a premier Salesforce Based CRM Application that is used by the Medical Sales representative for the Close Loop marketing.
- My primary role in the Team is understanding the new requirements, prepare user test cases and testing the requirements.
- I am also involved in Configuring the Salesforce platform (admin role) for OCE CRM and verifying the configured functionality in the iOS app.

### **Indegene Life systems (Client Delivery team)**

Software QA Engineer | July 2016 to December 2019

- I was a part of the client delivery Testing team where I have worked on VEEVA CRM and VEEVA vaults for configuring and testing the CLM presentations, Rep triggered Emails and Remote Detailing of CLM presentations using SALESFORCE.
- Minor engagements with other CRMs like Mobile intelligence (IMS health's MI) and MI Engage on deploying the Static CLM presentations.
- Also worked on verifying and testing the Native iOS Applications for the premier clients like Pfizer, AstraZeneca etc.

### **SAP Dexler (Content Development team)**

Quality Analyst | July 2015 to June 2016

- I was a part of the content delivery team where I use to work in close association of the SAP SMEs for Testing and improving quality the SAP e-learning Modules.
- My primary role was to verify the quality of the SAP e-learning modules which are hosted in the Online learning portals

---

## **SKILLS AND TECHNOLOGY**
