B. OM SAI PRAKASH

Developer 1 – Software Engineer | Power Platform Developer

Email: omsaiprakash1997@gmail.com | **Phone:** +91 8074148787 | **LinkedIn:** Om Sai Prakash

Highly skilled and accomplished Power Platform Developer with over 2+ years of hands-on experience in designing, developing and implementing innovative solutions. Demonstrated ability to deliver successful projects through collaborative teamwork, contributing to the achievement of business objectives.

EXECUTIVE SUMMARY

- 2.4 Years of extensive experience in the field of Software Engineering.
- Expertise in Power Platform tool including Power Apps, Power Automate, Power BI, SharePoint, SQL.
- Proficient in working with different data sources, such as Excel, SQL, SharePoint and Dataverse.
- Extensive knowledge of Power Apps formulas and expressions, enabling the creation of dynamic functionalities.
- Demonstrated ability to deliver projects on time and within scope.
- Effective team player with the ability to collaborate in both team and individual environments.
- Proven track record of creating impactful Power Apps solutions to ensure an optimal user experience.
- Highly adaptable, capable of quickly adapting to new environments and working on diverse projects.

TECHNICAL EXPERTISE

- Power Platform
- Power Apps
- Power Automate
- Basics of Power BI
- SQL
- Basics of Java
- HTML & CSS

WORK EXPERIENCE

Developer I Software Engineer at UST Global, Trivandrum
- **MAY 2022 – NOV 2023**

Associate Software Developer at UST Global, Trivandrum
- **JULY 2021 — JULY 2022**

PROJECTS

Client: SwireBulk

Pre-Trip Application   **July 2023 – Nov 2023**

- Developed a Canvas Power App named "SwireBulk Pre-Trip Application" using SharePoint Online as data source.
- Involved in UI Design of the application from scratch.
- Created five different sections like Trip Overview, Itinerary Details, Hotel Booking, Ancillary Costs, Attachments. Implemented Form controls for each section.
- Worked on data validation in PowerApps form fields.
- Involved in Regression Testing of the application.
- Worked on the Power Automate flow to import excel to SharePoint.
- Worked on the help icon where on click of that it displays walkthrough of the application using Power Automate.
- Got Appreciation Feedback from the Project Manager for the App UI Design implementation.

Client: UST

GPN Time Sheet Application   **May 2022 – July 2023**

- Developed a Canvas Power App "GPN Timesheet App" that facilitates resources to submit the time sheet.
- Involved in developing Timesheet submission functionality.
- Worked on copying previous week timesheet.

- Developed proxy timesheet where manager can set proxy approver on behalf of himself for approving proxy timesheet.
- Developed Invoice Receive Request screen where manager can add new invoice using form.
- Worked on Invoice Edit Screen, Invoice Approval Screen.
- Developed work flow for Invoice Approval, Exporting invoice reports.

Client: UST
Resource Management Application   **Nov 2021 – May 2022**
- Developed a Canvas Power App which helps to manage resource accounts within the organization to ensure smooth functioning of resource-related functionalities.
- Utilized Dataverse and Power Automate as backend, developed Power BI reports and integrated them using an embedded link.
- Played a crucial role in development of flows and successfully resolved complex bugs.
- Create Azure AD groups to regulate user access to the application.
- Developed PDF functionality, enabling users to download received emails as PDF.
- Implemented environment variables to streamline the deployment process when moving between different environments.
- Took ownership of the deployment process into UAT and Production environments.
- Assumed responsibility for comprehensive documentation including deployment, application and test cases documentation.
- Achieved timely project completion, meeting all designated milestones and deadlines with success.

Client: Adobe
CWF Hiring Application   **Aug 2021 – Nov 2021**
- Worked as a Junior developer, providing valuable support to the Adobe team.
- Successfully developed flows and worked on Canvas Power App by completing assigned tasks within specified timelines.
- Effectively coordinated with clients to ensure their expectations were met.
- Gained valuable experience and knowledge in using Power Apps expressions and Power BI.
- Thoroughly documented the user application for future reference.
- Received training on other source of Power Platform and in writing test cases and actively participated in unit testing.

CERTIFICATIONS & ACHIEVEMENTS
- Certified in Microsoft Power Platform Fundamentals (PL-900).
- Mendix Rapid Developer Certification.
- Certified in Java Full Stack Development Course from JSPIDERS Training & Development Center Hyderabad.

ACADEMIC CREDENTIALS
Bachelor of Technology in Electronics & Communication Engineering (ECE) from Swarnandhra College of Engineering and Technology with CGPA of 6.12   **Nov 2020**
Completed Intermediate Education, A.P (+2) with MPC and secured 82.7%   **Mar 2015**
Completed Secondary School Certificate (SSC) with GPA 7.2   **Mar 2013**
