Introduced ALM for PowerApps in Nokia

Cross-Functional Collaboration with other teams.

WORK EXPERIENCE

Solution Specialist

Nokia Solutions and Networks

01/2022 - Present

Noida, India

Achievements/Tasks

- Utilized SharePoint Group and Flow to implement role-based security within PowerApps.
- Created a PowerApps platform facilitating communication between pre-sales engineers and customers, leveraging Power Automate flows.
- Designed and developed a PowerApps dashboard to monitor ticket statuses.
- Created a PowerApps Dashboard enabling filtering and sorting of extensive data sourced from a SharePoint Database, enhanced with deep linking functionality for seamless navigation.
- Developed multiple Power Apps tailored for various domain teams, specifically pre-sales, to calculate costs and prices dynamically based on user inputs.
- Designed and implemented multiple PowerApps solutions to generate offers for multiple vendors, leveraging SharePoint and online Excel with Office Script integration.
- Experience in the analysis, design, development, testing and implementation of enterprise scale apps.

APPLICATION SUPPORT ENGINEER

NTT Data Services

06/2019 - 01/2022

Noida, India

Achievements/Tasks

- Supports Intranet sites built on SharePoint 2013 and SharePoint Online (Office 365).
- Experience in On-Premises to Office 365 Migration.
- Manages system security, system patching, and upgrades.
- Deploys custom-developed and third-party SharePoint solution packages.
- Configures SharePoint services and settings.
- Documents SharePoint configuration and architecture.
- Installing the SharePoint platform, integrating applications, and creating libraries.
- Work with the Development team to map SharePoint solutions for customers.
- Reviewing usage and activity reports and making adjustments to ensure optimized user experiences.

PERSONAL PROJECTS

Solution Dashboard using Deep linking for modification functionality (06/2022 - 08/2022)

- When a user accesses PowerApps to submit details and generate multiple proposals, they can return to the dashboard and generate additional proposals without needing to fill in all the details again.

EDUCATION

Bachelor of Technology

Lovely Professional University

07/2014 - 06/2018

Jalandhar, India

Courses

- Electronics and Communications
