## EDUCATION WORK EXPERIENCE

### Business Technology Solutions Associate ZS Associates

01/2022 - Present

### Senior Software Engineer Capgemini

11/2019 - 01/2022

## TECHNICAL PROJECTS

### Data engineer at pharmaceutical project (01/2022 - Present)

- Developed system architecture for processing large pharma datasets according to business rules using SQL, Python and Unix commands along with data management
- Worked with clients to gather requirements for Business rule document.
- Shared multiple deliverables of sales and contest reports to clients within the communicated timelines.
- Sales data received from CDP, ETL batch data processed, performed Pharma analytics for Xponent and DDD data. Data validations and insights using Excel.
- Performed quality checks, analyzed sales trends, shared business analysis insights to clients for Commercial effectiveness and increase revenue for a specific Therapeutic area.

### Built AWS architecture for healthcare project (10/2020 - 12/2021)

- I have worked on building an automated aws architecture for data entered into aws from 3rd party to redshift datawarehouse
- Worked on S3 & Redshift for data storage further used for data visualization.
- converted data store to parquet format, worked with S3 bucket, aws lambda, glue, redshift, athena

### SAP ABAP HANA developer in healthcare and Ecommerce projects (04/2020 - 08/2020)

- I have worked on S4Hana implementation using SAP ABAP HANA, delivered several RICEF objects well within deadline timeframe. Fetched data from SAP tables using OPENSQL queries
- Have sent SAP data to 3rd party i.e. Interface outbound. Have worked on several FUT defects and additional changes from clients.

### Initial training (12/2020 - 03/2020)

- I have successfully completed 3 months of extensive training on SAP BW HANA, datawarehouse, BODS, OOABAP.

## LANGUAGES

English, Hindi, Marathi  
Proficient

## SKILLS

Amazon Web Services

Pharma Data analytics

SQL

Python Automations

ETL pipeline - Batch Data

Unix

Data Management

Advanced Excel

Redshift

Problem-solving

Workbench

Agile

Jira

CDP

Data analysis

Analytics

Database

Javelin Incentive Manager (JIM)

IQVIA

## CERTIFICATES

### Amazon web services Certified Solution Architect Associate. (04/2021 – 04/2024)

*Official AWS Exam. I have good Hands-on experience on core AWS services like EC2, S3, Lambda, EC2, Dynamodb, RDS, EFS, ELB, Auto Scaling, etc. Also have developed on several AWS services.*

### AWS Certified Data Analytics - Specialty (07/2021 - 07/2024)

*Official AWS Exam on core AWS services like EC2, S3, Lambda, SNS, SQS, IAM, Redshift, glacier, athena s3 select*

### Oracle Certified Professional Java Programmer (OCPJP). (01/2018)

*JAVA Standard Edition 6, Score : 76%. Topics covered : OOPS concepts, inheritance, polymorphism, abstraction, etc.*

## ACHIEVEMENTS

### Leetcode problems solver on SQL

*I have solved several leetcode problems based on databases*

### Secured 85.88 % in final semester (06/2019)

*O grade in sem 8 and overall A+ grade in academics.*

### Won 1st and 2nd places in Technical quiz, sports intra college competitions. (07/2019)

### Published Technical Paper : An Assistive System for Visually Impaired using Raspberry Pi. (05/2019)

*Published technical author in IJERT. link- <https://www.ijert.org/an-assistive-system-for-visually-impaired-using-raspberry-pi>. The paper was based on the project built in the Engineering final year.*

### Student Representative of class in year. (07/2015 - 07/2017)

*Duties : Act as a liaison between the students and professor and communicate the information, represent the class*

Worked as Board of Editor in the alumnae association, part of Student council and organized annual college fest "ARCANE". and "Alumnae meet" (2017, 2018)

## EDUCATION

Bachelor of Technology from Usha Mittal Institute of  
technology, SNDT (2015 to 2019)
