shank.testengg@gmail.com

No. 2221, 5th main, Hampinagar,
Bengaluru - 560104

SKILLS

Cloud Services:

AWS - EMR, EC2, S3, IAM
AZURE - VM, HDI, DATABRICKS
GCP - DataProc

BigData Platforms: EMR, HDI,
Databricks, CDP, HDP

BigData Apps: Spark, Kafka, Tez,
Hive and MR

Virtualization: Citrix, VmWare,
Hyper-V, KVM

Operating Systems: CentOS,
Ubuntu, Red H at Linux, Windows

Automation: Python, Shell scripting,
Pytest, Selenium - WebDriver,
Allure Reporting

Storages: S3, HDFS, ADLS, GCS

Other tools - JIRA, Postman, GIT,
Jenkins

ABOUT ME

I am a Dependable, Proactive and Quick learner with Proven track record in high stress Environments.

EXECUTIVE SUMMARY

- 8 years of expertise in Quality Assurance
- Experienced in Cloud services , Cloud infrastructure and cloud platforms (AWS, Azure)
- Experienced in validating Bigdata Applications and Data Pipelines
- Creating Automation CI/CD pipelines, Design and develop end to end automation scripts for UI and Backend
- Experienced in validating Analytics on Bigdata apps and pipelines
- Expert in designing scale tests and benchmarking enterprise software to suit production environments
- Experienced in carrying out enterprise product certifications and compliance
- Experienced in replicating customer environments in-house to identify the customer issues
- Involved in conducting POCs for new features and customer deployment
- Certified SAFe 4.5 practitioner (Scaled Agile Framework)
- Leading the Agile team, Test planning and managing the Releases
