 **Software Engineer: (October 2016 – April 2020)**
CERNER HEALTHCARE SOLUTIONS PVT. LTD.

Project: CERNER MILLENIUM PHARMACY INPATIENT SOLUTIONS

Environment: C#, C++, CCL, VS 2015, Windows and SVN.

Role: Design, Implementation and Unit Testing

- ❖ As a part of the Support Pharmacy Inpatient Team, main role was to support and fix client logged defects in the existing solutions owned by the team.
- ❖ Closely worked with the Solution Works team by providing technical assistance on potential defects that can be solved/avoided.
- ❖ My current major responsibilities includes working on MILLENIUM Pharmacy Applications – Solving Defects affecting the Solution - Both Frontend and Backend Code, Mentoring and knowledge transfer sessions for new associates.

Responsibilities as an Engineer

I have been responsible for following Cerner's Engineering Process:

- ❖ Project Requirements Analysis, Design and Coding.
- ❖ White-box testing and Technical documentation.
- ❖ Peer Code Review based on the Coding guidelines standard
- ❖ Assist the SDTA to prepare ST cases and provide issue fixes
- ❖ Reviewing test cases to ensure testing competence and requirement coverage.
- ❖ Merging the code to several pipelines and carry out Black box testing
- ❖ Deliver Client Obligations through Exception Packages (EP) and Diagnostic Packages (DP)
- ❖ Record defects in codes and issue reports to the Development team along with fix suggestions.

Responsibilities as a Project Co-Ordinator

- ❖ To Manage of high visibility solutions delivery using agile methods in a fast-paced environment.
- ❖ Plan and manage multiple parallel projects coaching the team on Agile Principles.
- ❖ Identify, assess, track and mitigate issues and risks at multiple levels
- ❖ Work very closely with various business stakeholders to drive the execution of multiple business plans and technologies
- ❖ Drive effective teamwork, communication, collaboration and commitment across multiple groups with competing priorities.
- ❖ Ensure consistent and transparent status updates with all stakeholders (engineering, Business, product, leadership)

DECLARATION

I hereby declare that the information and facts stated above are true and correct to the best of my knowledge and belief.
