Work Experience

Salesforce Consultant, Coalescence Cloud Consulting (Jan 2021 – Present)
- Led implementation team on a major project focused on system architecture and workflow automation.
- Designed automation solutions across numerous client orgs. This includes work with the following:
  - Apex Triggers and handlers for SKU-based data transfer across objects, custom financial rollups.
  - AppExchange package development from start to finish (including design, code, and security).
  - Complex flows for a custom-built product management solution, among many others.
- Engaged in a wide breadth of projects involving Salesforce implementations and configuration.
- Processed bulk data through Data Loader on many occasions, including updates of millions of records.
- Utilized consultative approach to assess stakeholder needs and consistently accomplish deliverables.

Salesforce ISV Partner, Chesapeake Apps (Nov 2020 – Present)
- Developed applications and Lightning Web Components (LWC) for Salesforce AppExchange.
- Coded and documented Apex Classes and HTML/CSS/JS for open-source projects.
- Solo developer responsible for managed package, including successful AppExchange security review.

Salesforce Consultant, Space Transportation Association (Nov 2020 – Jan 2021)
- Configured Salesforce environment for nonprofit association focused on event management.
- Cooperated with executive stakeholders to coordinate email automation solution.

Account Manager II, Millennium Health (Feb 2020 – Nov 2020)
- Daily use of Salesforce CRM software to log calls, manage opportunities, and report on sales data.

Sales Executive, Randox Laboratories (Jun 2018 – Jan 2020)
- Extensive use of CRM software to log daily activities, follow-ups, and plan out trips.
