Enterprise WEB Application

Official Web portal for EP for internal and external content and posts.

Team: 6

Skills: React JS, React Hooks, GraphQL, GraphCMS, Material UI, Gatsby

GDMS

01/20201 - 04/2021

Enterprise WEB App

Web Portal for Walmart with both internal and external users differentiation and different UI representation for different profiles.

Team: 2

Skills: React JS, Bootstrap, React Hooks, Redux, AWS

WebService Monitoring

09/2020 - 12/2020

Enterprise WEB App

Internal Web portal for Monitoring All Workspace One(Internal Enterprise) Mobile apps (20+)Health and analytics like usage, installations, errors and crashes. And also which can be used to manually test the Health of the apps from the portal. And also implementing CICD with Checkmarks and Sonarqube with DAD Maturity Score over 80%.

Team: 3

Skills: Angular 8, Workspace One, SSO, Bootstrap, Charts

All For Progress

06/2020 - 09/2020

Enterprise WEB App

Enterprise Social media WEB app for internal Dell employees which has Twitter and custom post options for Dell Employees. And also implementing CICD with Checkmarks and Sonarqube with DAD Maturity Score over 80%.

Team: 2

Skills: React JS, Node JS, DIAS, Twitter-API's, React Hooks, Jest

vApprove

05/2019 - 06/2020

Workspace ONE React Native App

It's a Workspace ONE application developed using React Native which is intended for Manager and above level users access for multiple application(Internal and 3rd party) approval requests in a single mobile app. And also implementing CICD with Checkmarks and Sonarqube with DAD Maturity Score over 80%.

Team: 3

Skills: React Native, Mobx, Workspace ONE, Fastlane, VIDM, React Hooks, IOS, Android, Jest

SDS Live

12/2019 - 01/2020

Enterprise WEB App

Enterprise WEB app for internal Dell employees. Used for Sharing important content information within the organisation.

Note : Worked as a support resource for couple of months.

Team: 4

Skills: React JS, Node JS, Redux, Workspace ONE, AWS

Anaplan

09/2018 - 04/2019

SFDC - Coveo integration

This project involved Coveo integration in SFDC environment with customisations.

Role : Lead Developer

Team : 4

Skills : Salesforce, APEX, Coveo JS, Python scripting for Coveo Extensions, JS, CSS

Palo Alto   08/2018 - 01/2019

SFDC, Lithium - Coveo integration

This project involved data migration from Jive to Lithium environment, integration of Coveo federated search in Lithium Community and also SFDC.

Role : Lead Developer

Team : 7

Skills : Salesforce Admin, APEX, Coveo JS, Web Services, Python scripting for Coveo Extensions, JS, CSS

MyItalent   06/2017 - 2018

React Native App

Rewriting the IOS application in React Native with changes in the workflow. And Linkedin integration. With elastic search for the candidate filtering coming from Zoho.

Role : Lead Developer

Team : 4

Skills :HTML, CSS, React Native, Rest API, Redux, Web Services. Node JS, IOS, Android, Jest

Mojorank   08/2017 - 08/2018

Chatbot and Web Portal Application

This is the Web portal developed in Angular JS for Recruitment based application with various user interfaces for the Job selection process.

Role : Lead Developer

Team : 4

Skills : HTML, CSS, React JS, Redux, Web Services, Spring Boot,

CSC   05/2017 - 07/2018

Cisco Project

This involved the data migration of the previous cisco support forums from drupal to Lithium and Using Attivio search for the search customisation. Had hands on the Angular in this particular project.

Role : Team Lead

Team : 3

Skills :HTML, Javascript, Angular JS, Freemarker, jQuery, JAVA, Mysql, Rest API

MPC & Power BI   07/2017 - 10/2017

Microsoft Internal Community

Implementing Cookies compliance in couple of Lithium based Microsoft Community's.

Role : Lead Developer

Team : 1

Skills :HTML, Javascript, Freemarker, jQuery, Rest API, MFSC cookie compliance,

DrConnect

04/2017 - 05/2017

React Native App

This is internal application developed for one of the client which is the mobile version of the JIVE of there internal community with refined user interface.

Role : Lead Developer

Team : 1

Skills : React JS, React Native, Objective- C, JAVA, AWS, Rest API, IOS, Android, Jest

iConnect

12/2016 - 05/2017

React Native Hybrid Mobile Application

This is the first hybrid mobile application that i had hands on. This is the mobile version of the JIVE community with refined user interface.

Role : Lead Developer

Team : 3

Skills : React JS, React Native, Objective- C, JAVA, AWS, Rest API, IOS, Android, Jest

Estimotes DR

06/2016 - 08/2016

IOS mobile Application

This was application developed for the store management for one of the clients using the estimotes beacons.

Role : Lead Developer

Team : 2

Skills : IOS, Swift, CocoaPods, Google drive integration,

Email Integration

2015 - 2016

Internal Project in Tech Zone

This is internal project related to Tech Zone which is the mechanism to send mails with the relevant content inside Tech Zone to the External users . This involves interaction with external teams . This is also development and maintenance project which is still going on and i am part of it.

Role : Lead Developer

Team : 2

Skills : HTML, CSS, Javascript, jQuery, Freemarker, JAVA, Mysql, Ajax, XML, Web services

Self Publish

2016 - 2018

Internal Project inside Tech Zone

This is internal project related to Tech Zone which is the mechanism to publish the content inside Tech Zone to Cisco.com. This involves interaction with external teams which are responsible to generate the preview and for the publish process. This is also development and maintenance project which is still going on and i am part of it.

Role : Lead Developer

Team : 2

Skills : HTML, CSS, Javascript, jQuery, Freemarker, JAVA, Mysql, Ajax, XML, Web services, Rest API

Tech Zone

2015 - 2018

Cisco internal project

This is a social knowledge platform for internal cisco employee provided by Lithium. Who use this community to share the knowledge about the cisco products and solutions for the issues with them. This is maintenance and development project which is still going on and i am part of it.

Role : Developer

Team : 3

Skills : HTML, CSS, Javascript, jQuery, Freemarker, JAVA, Mysql, AJAX, Rest API

MyiTalent   2015 - 2016
IOS Mobile Application

This is a recruitment based mobile application which has Zoho integration for the candidates filtering and easy user interface for the recruiters for select process.

Role : Developer

Team : 3

Skills : Objective-C, Xcode, Cordova, CocoaPods
