**Salesforce Developer in an Multi National Software Organization. Serving Notice Period.**

## PROFILE SUMMARY

- A Salesforce Developer with 6 years of IT experience (4 years in Salesforce).
- Experience working with Salesforce Apex, Salesforce Flows and Configurations.
- Authored over 60+ Apex Classes, 15+ LWC, 10+ Aura components.
- Created 20+ Salesforce Flows (Screen Flows and Record Triggered Flows).
- Expertise in DevOps Tool Copado, ANT Migration Tool, and experience on Gitlab and Azure DevOps.
- Experienced in both conventional Waterfall model and Agile methodology in development.
- Worked in Montevideo, Uruguay (near-shore location) to provide real-time solutions to the customers.

## INITIATIVES

### Research and Automation

- Due to stringent timelines and to meet customers' expectations, have moved the project from custom LWC to Screen Flows and OOB features, which reduced the development time and effort. Utilized the Experience Cloud so that the end users can access the application from any device which would also save cost for the customers.
- Suggested multiple enhancements for better performance and defect resolutions.

## Key Strengths

- Expert in Salesforce Apex and configurations.
- Accomplished knowledge on the DevOps Tool Copado and error resolutions during deployment.
- Knowledge on the Lightning Web Components.
- Knowledge on ANT Migration Tool, Gitlab and Azure DevOps.
- Leading the team during releases to resolve errors.
- Coordination with different teams to achieve the target.
- In depth knowledge of the Databases and PL/SQL.
- Management and coordination with the customers and providing real-time solutions.
- Ability to create utility tools using Python.

## Certifications

- Received **Salesforce Sales Cloud Consultant** in July, 2021.
- Received **Salesforce Experience Cloud Consultant** in March, 2021.
- Received **Salesforce Platform Developer 1** in July, 2020.
- Received **Salesforce App Builder** in February, 2020.
- Received **Salesforce Administrator** in November, 2019.
- Received **Copado Administrator** in June, 2020.
- Received **Copado Developer** in August, 2020.

## **OWNERSHIP AND LEADERSHIP SKILL**

- Managed and provided real-time solutions as sole resource in the near-shore during Customer Business Hours.
- Leading the Development Team during Release and resolving package deployment errors.
- Owned the coordination between the Release and the Development Team.
