WORK EXPERIENCE

- Salesforce Developer, Revolve Softech Private Limited   *August 20, 2019 – Present*

PROJECTS

1. *St. John Project*   Aug 2019 to Nov 2019
   - **Description**: In this project, we migrated the State org. The whole country data is associated in one org. So, we have migrated the particular state org data into a new org.
   - **Team size**: 4
   - **Role**: Admin
   - **Responsibilities**:
     - Create custom Relationships
     - Create Workflows & Process Builder
     - Create Validation Rules
     - Create Change Sets

2. *Student Gallery Project*   Feb 2020 to Apr 2020
   - **Description**: In this project, we create a student gallery in a tile format. The Student Gallery should be displayed based on the selected instructor & the selected course delivery through the lightning web component and apex class.
   - **Team size**: 4
   - **Role**: Admin
   - **Responsibilities**:
     - Create an Apex Classes
     - Create an LWC Component
     - Create Custom Objects & establish Relationships among them.

3. *Internal project (POC of Custom Sales)*   May 2020 to Aug 2020
   - **Description**: In this POC, we create a custom sales process with commission calculation. We also create custom lead processes and quote processes like in SF CPQ. We used LWC and lightning components in UI build and used triggers, validations, Approval process, workflows and process builders for business automation. We also wrote an approval process on quote and opportunity.
   - **Team size**: 5
   - **Role**: Developer
   - **Responsibilities**:
     - Create an LWC Component
     - Create an Apex Trigger
     - Create an Apex Class
     - Validation Rule & Process Builder.

4. *Salesforce CPQ Project*   Oct 2020 to Jan 2021
   - **Description**: In this Project, we Configured the Products, Prices and Quote. We also create Product Rule, Price Rules and Quote processes in CPQ. Creating the PriceBook entry and Price Book to configure the products.
   - **Team size**: 5
   - **Role**: Developer
   - **Responsibilities**:
     - Create a Product Rule
     - Create a Price Rule
     - Create a Quote
     - Create a PriceBook, PriceBookEntry and Configure the Products
