Project: SBG Groups

Role: Software Engineer

Technologies: Python, Angular, HTML, CSS, MySQL, Django Framework, jQuery, PyCharm

Responsibilities:

- Developed and designed both frontend and backend for this application with unit tests.
- Startup client's requirements gathering
- Onboarded different workflow's Program Manager to this tool.

Project: Employee Performance(Machine Learing)

Role: Software Engineer

Technologies: Anaconda, Jupiter notebook,

Library: NumPy, Pandas, Matplotlib

Responsibilities:

- Prepare Data
- Apply Machine Learning

Project: Webinar(Machine Learing)

Role: Software Engineer

Technologies: Anaconda, Jupiter notebook,

Library: NumPy, Pandas, Matplotlib

Responsibilities:

- Collect information
- Clinging Data
- Apply Data
- Show All Information

Quadra force Technologies   *February 2019 – April 2020*

Project: Soul admin
Technologies: Python, Django, HTML, CSS, MySQL, Bootstrap, jQuery, JavaScript, PyCharm

Role: Software Engineer

Responsibilities:

- Designed and Developed both frontend and backend of this application.
- Responsible for concept design, requirement scoping, code reviews and client interactions.

- I was the Key point of contact for client interaction for any query.

Project: Opn
Technologies: Python, Django, HTML, CSS, MySQL, Bootstrap, jQuery, JavaScript, PyCharm
Role: Software Engineer

Responsibilities:

- Designed and maintained the new feature of the project.
- Developed frontend and backend for monitoring tool for the running tests.

   Have delivered the project single handed

OSTPL   *February 2018 – April 2019*

Project: Bristio Watch
Technologies: Python, Django, HTML, CSS, MySQL, Bootstrap, jQuery, JavaScript, PyCharm

Role: Jr. Software Engineer

Responsibilities:

- Designed and Developed both frontend and backend of this application.
- Responsible for concept design, requirement scoping, code reviews and client interactions.
- I was the Key point of contact for client interaction for any query.

Project: Property Management
Technologies: Python, Django, HTML, CSS, MySQL, Bootstrap, jQuery, JavaScript, PyCharm

Role: Jr. Software Engineer

Responsibilities:

- Designed and Developed both frontend and backend of this application.
- Responsible for concept design, requirement scoping, code reviews and client interactions.
- I was the Key point of contact for client interaction for any query.

Project: Kalpa Art Gallery

Technologies: CodeIgniter, HTML, CSS, MySQL, Bootstrap, jQuery, JavaScript, Sublime
Role: Software Engineer

Responsibilities:

- Designed and Developed the new the project.
- Developed frontend and backend for monitoring tool for the running tests.

   Have delivered the project single handed

Print Slot   *February 2017 – February 2018*

<u>Internship Projects: Pallel Technology</u>
 Project: Diabetes Prediction
 Technologies: Machine Learning
 Tools: Anaconda
 Libraries: Python, NumPy, Matplotlib

 Project: Car Shells Prediction
 Technologies: Machine Learning
 Tools: Anaconda
 Libraries: Python, NumPy, Matplotlib

 Project: Student Marks report
 Technologies: Machine Learning
 Tools: Anaconda
 Libraries: Python, NumPy, Matplotlib

<u>SKILLS:</u>

   Excellent Communication Skills, and good attention to details
  Ability to learn quickly and an interest in using the distributed computing to solve complex problems are
      highly desired.
   Through knowledge on Database
    Detailed Knowledge on Python (Cross platform language) including the modules, packages.
Machine Learning and data science using tools .
Aws DevOps and tools

<u>EDUCATION DETAILS :</u>

   B-Tech in "Kalinga University "on the **Mechanical Engineering** stream during the year 2015 .
   Polytechnic in **"Ranchi University"** on the **Automobile** Stream during the year 2006 .
   SSLC in "**Bihar Bord**" during the year 2000

<u>CERTIFICATION/TRAINING</u>:

   Diploma(Certification) in "NIIT "on the **IT**   From Jamshedpur.
  ASP.NET(MVC Certification) in "**APTECH**" From Jamshedpur.
  AI (Certification) in "**Pallel"** From Bangalore

<u>PROFILE DETAILS:</u>

Name	:	Abhishek Chandra Jha
Father Name	:	Mr. Vijay Kumar Jha
